Additional Information

15.

I am studying at present at home with the end in view of taking the C.P.A. examination in May 1937.

20.

The first work listed here was undertaken to provide means to continue college. After graduation in 1931, I secured work as shown under a C.P.A. firm with the intention of working to a C.P.A. degree. After the conclusion of the San Diego County audit, I went to Los Angeles where I worked under another C.P.A. firm during the busy season. At the end of this season, work became very scarce and, as it was imperative for family reasons for me to have an income, I was forced to go outside of the work I wanted to do and get a job as book-keeper for a construction company. Upon finding a position with the South Gate High School, I left the construction work, altho I still check over the books of the Construction company each month.

At the present time I am the book-keeper and financial manager of the South Gate High School Student Body. This work, however, does not occupy my full time. I have in my charge the books of the above mentioned Construction Co., and the books of the (West Coast Laundry Company ✓ of South Gate, Calif.) In addition to handling the book-keeping, reports, and tax reports of these companies, I make a yearly audit of the (California Cosmetic Corporation of Hollywood, and ✓ handle any other incidental work that comes along. *Los Angeles*

I have had experience with several other jobs during the summer months when school was not in session. For instance: In the summer of 1933, from May to September, I held the position of Book-keeper, store-keeper, recorder etc for the Red Salmon Canning Co. of San Francisco, Calif., during the fishing season in the Bering sea, Alaska. This was a responsible position and a somewhat unusual one. *San Francisco*

Until this last year, I have been tied down by the necessity of furnishing income for family support. This necessity is now removed and I am once more able to move ahead along lines of my own choosing.

A complete record of my scholastic record along with personal and business references may be secured by request from the offices of the Stanford University where they are assembled and kept on file.

REMARKS

Mr. Glavin reports that Belmont has done an excellent job in the supply division of the chief clerk's office, is thoroughly familiar with all its duties, has taken charge of moving operations, set up the furniture and equipment at Quantico, has done work expeditiously, has a forceful and pleasing personality, performs considerable overtime, is qualified in firearms, suitable for dangerous assignments, and Mr. Glavin would recommend him for assignment as #1 man at any office other than New York or Chicago.

In April, 1940 at the completion of an inservice course, Mr. Hince reported that he has a fine personality, is industrious, and he considers his status as excellent.

I spoke to him in February, 1940 and reported favorably, stating his personality was forceful but his appearance was not, that I believed he was fairly resourceful and was potential agent in charge material.

In January, 1940 Mr. Glavin reported favorably upon his work, referring to the hours he was working. He was given a \$100 increase on 1/16/40.

RECOMMENDATION - I recommend an increase of \$200. This is a particularly good man.

M. Nathan

This employee entered on duty 11-30-36 as a Special Agent(A), Grade CAF-9, \$3200 per annum. At the conclusion of his training period Mr. H. H. Clegg said that he was definitely one of the better men in the class, he worked hard, was conscientious, presented a neat appearance, was above average in the class in intelligence; when attacking a new type of problem, he lacked confidence in his own ability to about the extent that an average new Special Agent is lacking in such confidence. When once he felt that he had found the problem involved, he was able to prepare an intelligent program for attacking the problem and was able to apply himself in a practical way that stamped him as better than an average Special Agent in prospect. He seemed to be possessed of a nature and disposition that would enable him to make good contacts with law enforcement officers as well as business and professional men, his judgment was sound, he possessed a satisfactory amount of resourcefulness, and it was believed that in shorter than the average amount of time he would be able to develop into a Special Agent of above average ability.

RECORD IN GRADE CAF-9: On 3-7-37 he was assigned to the Birmingham Office. On 5-1-37 SAC Clegg rated him FAIR and said he presented a good appearance, he was well liked by contacts, his progress had been rapid, he had possibilities of developing into an excellent Agent, he was a good dictator, he was a hard worker, and had shown a knack for investigative work. He was the type of Agent that any SAC would hate to lose, he exercised good judgment, was resourceful, intelligent, ambitious, conscientious and sincere. He had good sound reasoning powers, he used initiative in his work, he was somewhat timid, but it was believed he would overcome this fault with a little more experience, his firearms scores were below average; he bade fair to develop into a better than average Agent.

On 6-24-37 he was transferred to the Chicago Office. On 7-26-37 SAC Ladd submitted a thirty day report with further comments by SA(A) [redacted], under whom this Agent had worked, reflecting that this Agent was making good progress, had shown a definite knowledge of accounting problems, and while still somewhat timid, appeared to be above the average.

It is noted that this Agent expressed a desire to have his status changed from Special Agent (A) to Special Agent in that he was keenly interested in investigative work. His SAC was advised that he had not been in the field for a sufficient period of time to permit passing upon this request. His file reflects that he left his black zipper brief case belonging to the Bureau on an elevated train in Chicago, and he was advised it would be necessary for him to reimburse the Bureau in the amount of \$2.14.

On 10-16-37 SAC Bugas of Birmingham advised that this Agent had been subpoenaed in a trial, had appeared as a witness, and he had made a good impression on the jury with his testimony. One criticism of his was that his voice was naturally rather weak and he had to be instructed by the Judge on one occasion to speak louder. On 11-1-37 SAC Ladd rated him GOOD and said he had a good knowledge of the Bureau's work generally, he was a quiet individual but had the courage of his own convictions, his work had been thorough and comprehensive, he was qualified in the use of all types of firearms and would be suited for use on hazardous assignments. Effective 1-1-38 he was afforded an increase to \$3400 per annum in Grade CAF-9. On 5-1-38 SAC Ladd rated him GOOD.

On 6-6-38 he was transferred to the Chief Clerk's Office at Seat of Government, and was assigned as a Supervisor. On 7-25-38 Mr. Crowl rated him GOOD and said that he had exhibited good judgment in handling the duties assigned to him, and had shown satisfactory development.

On 9-1-38 he was afforded an increase in pay to \$3500 per annum in Grade CAF-9. He attended Retraining School from 10-17 to 11-1-38 at which time Mr. H. H. Clegg commented, among other things, that his status as a Special Agent was Good, and he would be satisfactory as a RA but was not qualified for an administrative position. On 5-31-39 Glavin rated him GOOD and said that he had developed into an expert in the use of firearms, he was a dependable, loyal and conscientious employee, he was suitable for dangerous assignments, he had not as yet learned all of the functions of the Chief Clerk's Office and he was to be given additional training and additional duties so as to broaden his knowledge of the office, and he had some executive ability. Effective 7-1-39 he was afforded an increase in salary to \$3700 per annum in Grade CAF-9.

On 12-7-39 the Director expressed his appreciation to this Agent for the assistance which he had rendered in connection with the special tours arranged for the friends and relatives of Bureau employees. Memorandum dated 12-27-39 reflected he had completed the 48 lessons of the Bureau's accounting course with an average grade of excellent.

He was afforded an increase in salary to \$3800 per annum in Grade CAF-9 effective 1-16-40. By memorandum dated 2-16-50 Mr. Nathan advised the Director that he thought this Agent had administrative ability, he was not now ready for assignment as a SAC, it was thought he could develop and be trained along that line; it was believed he was qualified for a #1 Man assignment in a rather important office. He was potential SAC material. On 4-1-40 he was afforded a reallocation to \$3800 per annum in Grade CAF-10.

RECORD IN GRADE CAF-10: He attended In-Service training from 4-8-40 to 4-20-40. On 6-3-40 Mr. Glavin rated him EXCELLENT and said that during his period of assignment in the Chief Clerk's Office he had assisted in the preparation of budget material but had been primarily in charge of the Supply Division of this office, and had done an excellent job in his supervision of the Supply Division. He was also assigned duties in the handling of special correspondence and for the most part had exhibited excellent judgment in this regard. He had a forceful and pleasant personality, was interested in his work, and had designated his fitness for additional responsibility. He was recommended at that time for a #1 position in any of the field divisions with the exception of New York and Chicago, it was believed that with further field training he would have absolutely no difficulty in handling the duties of SAC. He was qualified to handle any type of assignment involving personal danger. On 6-6-40 he was reallocated to Grade CAF-11, \$4000 per annum.

RECORD IN GRADE CAF-11: On 7-2-40 he was transferred to the National Defense Division. By letter dated 10-12-40 the Director thanked him for the manner in which he had handled the task assigned to him in connection with the Retraining Session of the FBI National Police Academy Associates.

On 10-28-40 he was transferred to the Chief Clerk's Office and upon this occasion Mr. H. H. Clegg commented, among other things, that he had performed his work to a high degree of satisfaction, he had no criticism whatsoever to make concerning the performance of this Agent, he was particularly well qualified from an administrative standpoint in maintaining records, using his services and experience in accounting and in doing other types of office or desk work which it may be found profitable to assign to him. On 1-28-41 he was transferred to the New York Office. In a transfer efficiency report Mr. Glavin said it was believed he would continue to develop in the service, there would be no hesitancy whatsoever in as-

signing him to any type of investigation, and he was of the firm opinion that he possessed the necessary administrative and executive capacity to advance further in the service.

On 3-15-41 SAC Sackett said, in submitting an efficiency report on this Agent, that he had been assigned as supervisor of #2 desk, which desk handled all applicant investigations conducted by that office. He not only displayed good administrative and executive ability on this desk generally and handled the desk in an efficient manner, but also handled the new Agents in an able manner. He was considerably above the average Agent in all respects, and was regarded as a most decided asset to the supervisory staff of the office. On 4-16-41 he was afforded a promotion to Grade CAF-12, \$4600 per annum.

RECORD IN GRADE CAF-12: On 6-25-41 he was censured for the poor judgment he had exercised by allowing an Agent to report the loss of his credentials to the Police Department. On 10-16-41 Mr. Connelley said that he believed that any satisfactory, capable Agent would handle a situation as well as this Agent, he would not class him as having sufficient executive ability to be placed in charge of an office where he would be solely upon his own responsibility, but added that his opinion was based on a limited observation of his work. Mr. Foxworth did not agree with the remarks of Mr. Connelley.

On 3-31-42 Mr. Foxworth rated him EXCELLENT and said he had supervised a variety of classifications and had had a particularly heavy assignment in connection with applicant and OPM investigations. He had organized this large volume of work in a very efficient manner, his supervision of the Agents assigned to his desk, numbering approximately ninety, had been outstanding. He had quite a number of new Agents to supervise, he had definite administrative and executive ability, he was one of the outstanding supervisors in the office, he was industrious and efficient, he was well qualified to supervise any type of investigation and he was an excellent employee of outstanding ability. On June 15, 1942 he was commended for the excellent manner in which he had handled the matter of the insinuations by Attorney Robert Hoffman concerning the conduct of the Agents who had investigated the WSTA case against Charles Lawrence, wa.

On 7-6-42 he was designated as #1 Man to SAC Drayton, and on 7-16-42 he was afforded a reallocation to \$5600 per annum in Grade CAF-13.

RECORD IN GRADE CAF-13: In his transfer efficiency report submitted in August, 1942, Mr. Foxworth rated him EXCELLENT and said he had handled the supervision of applicant and general investigative work, he was not only able to handle a large volume of work but had also shown that he could supervise investigative personnel. He was well qualified to handle firearms, he had been in charge of all firearms training in the office, he had much more than the average amount of administrative and executive ability, and was rated as one of the best supervisors in the office. On 8-16-42 he was designated ASAC in Chicago.

RECORD AS ASAC: During an inspection of the Chicago office in November, 1942, Inspector Conroy said he invariably presented a neat and attractive appearance although he was somewhat youthful, he appeared to be rather well versed in the Bureau's policy and procedure, was a qualified Bureau firearms instructor, appeared to be somewhat responsive to suggestions of the Inspector and generally saw that some action was taken when matters were called to his attention, and it was felt that he was able to function properly as ASAC of the Chicago Office and that he probably could handle one of the smaller offices of the Bureau. During

the same inspection, SAC Johnson said he had the ability to handle men and that he got along well with the personnel, he was qualified to make speeches on behalf of the Bureau, and SAC Johnson considered him to be a thoroughly competent administrator and rated him as EXCELLENT. On 1-1-43 he was promoted to \$5800 per annum in grade CAF-13.

By letter dated 1-6-43 he was commended by the Director for the excellent and efficient services which he rendered in connection with the Touhy Case. On 2-2-43 SAC Drayton rated him as EXCELLENT and said he presented an excellent personal appearance, had a fine personality and poise, was aggressive, had more than the ordinary amount of enthusiasm and initiative, had the ability to organize not only his own work but also the work of others, had an excellent knowledge of the general work of the office, was an excellent dictator, there was no reason why he should not function as a SAC in a highly satisfactory manner, and he had much more than the average amount of executive ability.

RECORD AS SAC: On 1-15-43 he was designated SAC at Cincinnati. On 3-31-43 he was rated VERY GOOD. Mr. Hince interviewed him during In-Service Training in March and April, 1943, and said he made a good appearance, seemed to have sound judgment, was alert and quite enthusiastic about his assignments in Cincinnati, and it was believed that he fundamentally had the ability to do the job in Cincinnati. Status: GOOD. While in-service the Director saw him and said he made a favorable impression and classed him as above average. By letter dated 5-6-43 the Director commended him for the excellent supervision which he gave to the investigation of the case resulting in the apprehension of Carl Straka.

Mr. Gurnea inspected the Cincinnati office in April 1943 and rated the various functions of the office as follows:

Physical Condition and Maintenance	UNSATISFACTORY
Investigative Operations	GOOD
Administrative Operations	FAIR
Personnel Supervision	FAIR
Contacts	FAIR

Inspector Gurnea advised that SAC Belmont had an average appearance, his personality was good, however, he was rather cold and sometimes distant, he intended to inaugurate a definite plan for making contacts, and it was believed he would be successful but not outstanding in that phase of the Bureau's work, he was industrious, conscientious and anxious to succeed as an Agent in Charge, and in fact, he was attempting to handle too much detail work on his desk. As an administrator he should be more of the disciplinarian and should be more forceful in calling errors to the attention of the employees. He personally took charge of cases of importance, particularly those involving raids and dangerous assignments, his judgment was good and he was willing to accept responsibility and render decisions, he was still rather uncertain about many details of office administration, however, it was believed that he would continue to improve in that respect. It was believed that he would develop into a steady, trustworthy, and loyal Agent in Charge of average ability or slightly above.

By letter dated 5-21-43 the Bureau advised SAC Belmont of the delinquencies found in the Cincinnati office and that another check of the office would be made in 60 days. He was advised that in the event those delinquencies had not been corrected at that time, it would be necessary to take administrative action.

On 3-31-44 he was rated EXCELLENT.

~~SECRET~~

~~SECRET~~

By letter dated 5-13-44 he was commended for the excellent supervision he afforded the Wright Aeronautical Corporation Fraud against the Government Case which resulted in courtmartial proceedings against three officers in the U. S. Army.

On the date of 7-8-44 he was designated ASAC at New York. During an inspection of the New York office in September 1944 Inspector Harbo said he made a very good appearance and had a favorable personality although his voice was below average, it was believed that he had energetically applied himself to the responsibilities of his present assignment and that he would do a good job and it was believed he was entitled to a rating of VERY GOOD in his position.

At the time of the inspection it was found that the complaint Agents were not provided with work to keep them busy on official matters when they were not occupied taking complaints, that there had been a failure to answer a substantial number of Selective Service "no card" cases from other offices within 24 hours in accordance with the Bureau's desires, and it was noted that Assistant Supervisor J. S. McCool who was under his supervision, was responsible for many of the delinquencies in the handling of Selective Service matters. In view of the fact that the above matters came under his supervision, he was advised, by letter dated 10-23-44 that he was being placed on probation.

On 11-8-44 the Director saw him and said he made an excellent personal appearance, he was a mature agent and it was believed that he was earnestly trying to handle the administrative work at New York, he was informed that he should tighten up and become more vigorous in insisting that the subordinates assigned to him comply with the instructions and Bureau policies, it was thought that he would make a very diligent effort along that line and his attitude was good.

A re-check inspection was made of the New York office in December 1944 and it was noted that he was trying to condition the minds of the men under him to the correct point of view in regard to their duties. As a result of this re-check inspection he was removed from probation 12-15-44.

By letter dated 1-12-45 he was commended by the Director for the splendid manner in which he handled the interview with subject William Curtis Colepaugh in the case entitled Erich Gimpel, W.A., et al, Espionage-G.

By letter dated 3-23-45 SAC Vincent stated that this Agent has assisted in the inspection of the Albany Field Division and stated that he used good judgment, had a good knowledge of the functions of a Bureau field office and his judgment in citing delinquencies was very good, he was inexperienced in this type of work and needed considerable guidance and it was observed from the manner in which he handled parts of the inspection that he was not particularly inclined toward handling such work, he seemed to be pleased at the opportunity of learning more about inspections, it was felt that he was entirely capable of assisting in inspections but should have more experience before he was assigned to one alone.

By memorandum dated 3-29-45 Mr. Morgan stated that he had the ability to handle a field office inspection on his own responsibility.

On 3-31-45 SAC Conroy rated him EXCELLENT and said he was in charge of Selective Service and had four supervisors under his direction, he was a firearms expert and was very adept with all types of firearms, he was well qualified to direct dangerous assignments, he was a

qualified Bureau speaker and was an expert witness, he presented a nice appearance and he brought a favorable reaction from those with whom he came in contact, he was thoroughly interested in the Bureau's field office work, there had been a distinct improvement in the quantity and quality of the work in his division, delinquencies had been reduced and better procedures were in effect, there had been a more careful supervision of the resident Agents, with a resultant improvement in their work and the results he had obtained had been highly satisfactory.

On 4-1-45 he was promoted to \$6000 per annum in grade CAF-13 under the provisions of the Uniform Promotion Act.

During an inspection of the New York Office in May, 1945, Inspector Clegg said he was doing a good job, he planned his work and was familiar with what was going on in the various sections under his control. His appearance was good, his voice was somewhat of a handicap but not seriously so, he was substantial and was doing an entirely satisfactory job. On 7-1-45 he was afforded a basic salary increase to \$6650 per annum in CAF-13.

On 10-16-45, the Director saw him and advised he made a good personal appearance and it was believed he could be rated above average. On 1-14-46, he was reallocated to CAF-14, \$7175 per annum.

RECORD IN GRADE CAF-14, \$7175: On 2-13-46, he was considered for a meritorious promotion; however, in view of the fact that he was recently reallocated, it was suggested that his meritorious increase be held in abeyance.

On 3-31-46, SAC Conroy rated him EXCELLENT and said he was in charge of the Major Case Squad where he had six supervisors under his direction, and in this position he would have under his immediate direction some of the most important cases handled by the Bureau. He was a firearms expert, was very adept with all types of firearms, was well qualified to direct dangerous assignments, was a qualified speaker, an expert witness, was intensely interested in his work and he was qualified as a Bureau Inspector. It was anticipated his services would continue to be of a high order.

As a result of a basic increase in pay effective 7-1-46, his salary was increased to \$8179.50 per annum. He attended In-Service training in September - October, 1946.

By letter dated 11-30-46, he was congratulated upon his ten years of service with the Bureau and was awarded his Ten Year Service Key.

On 3-31-47, SAC Scheidt rated him EXCELLENT and advised he was in charge of the Major Case Squad, where he had five supervisors under his direction, he handled the important duties and responsibilities of his position in an outstanding manner, he demonstrated he possessed to an exceptional degree the ability to direct involved and difficult cases, he definitely commanded the respect of the personnel under him, he had the ability to inspire good performance on their part, he had a keen understanding and appreciation of Bureau policies and procedures and was a firearms expert. He was ^{well} qualified to direct dangerous assignments, was qualified as a Bureau speaker, made a fine appearance, displayed a most conscientious attitude, was considered a definite asset to the Bureau and fully qualified to serve as an Agent in Charge.

Under the provisions of the Uniform Promotion Act, he was afforded a promotion to \$8478.75

per annum effective 7-27-47 in grade CAF-13.

By letter dated 7-18-47 to the Director he expressed his appreciation for the Director's efforts in the signing of the Retirement Bill. By letter dated 7-22-47 the Director thanked him for his interest.

During an inspection of the New York Office in October, 1947, Inspector Gurnea said he made an excellent impression, was businesslike, substantial, and enthusiastic, was well aware of his responsibilities, commanded natural respect of his men and had merited their confidence and he was outstanding. SAC Scheidt said he had five Supervisors under his immediate direction, had under his immediate direction some of the most important cases being handled by the Bureau, he was extremely capable and handled his important responsibilities in a most outstanding manner, he had to an exceptional degree the ability to direct difficult and involved cases, and he was fully capable in every respect to serve as an Agent in Charge.

By letter dated 3-29-48, the Director expressed his appreciation to ASAC Belmont for the latter's efforts in making possible the accomplishments of the New York Office in preparing to handle the problem of the detention of Communists in the event of an emergency.

On 3-31-48, SAC Scheidt rated him EXCELLENT and advised he was in charge of the Division which handled major cases, security matters, including Communist cases and Russian espionage, deserter and Selective Service cases, general investigations and the [SUTEC] section. He had five supervisors under his direction and had under his immediate direction some of the most important cases handled by the Bureau. His duties were performed in an outstanding and exceptional manner, he made an excellent appearance, had a splendid personality, and he exercised initiative, resourcefulness, force and aggressiveness in a very outstanding manner. He made an excellent witness, was exceptionally well qualified for supervising dangerous assignments, physical surveillances and difficult and complicated investigations, and he had the ability to organize and initiate investigations and to accept and discharge responsibility without supervision. He definitely commanded the respect of the personnel working under him and was able to inspire good performance on their part, and instructions issued by him to subordinate personnel were invariably characterized by clarity and conciseness, coupled with keen analysis on his part of the elements and factors involved in the cases concerned. In all respects his services were eminently satisfactory, he had high intelligence and possessed keen enthusiasm, was a hard worker, had the ability to get results, was invaluable to the office, and was fully qualified in every respect to serve as an SAC.

On 7-11-48, he was afforded a basic salary increase to \$8808.75 per annum in CAF-14.

By letter dated 7-20-48, he was commended for the splendid work he performed in connection with his assignment to the Loyalty program and the fine attitude he displayed in voluntarily working extra hours in order that the work might be cleared by June thirtieth.

He was afforded a Uniform Promotion to \$9108 per annum, effective 2-6-49.

On 3-31-49 SAC Scheidt rated him EXCELLENT and said he had performed outstanding and exceptional work throughout the rating period. Cases supervised by him included matters of an extremely delicate nature, and highly important cases being handled by the Bureau. He functioned extraordinarily well under pressure and had the ability to comprehend, analyze

~~SECRET~~

~~SECRET~~

and direct complicated and involved matters as well as to provide a steadying influence to subordinate employees. He had qualities of ingenuity and the ability to view things both from a long range and short range perspective. His judgment was excellent, and he commanded the respect of persons working under him. In all respects he was highly qualified to handle the important responsibilities of his position. He made an excellent personal appearance, possessed a splendid personality and exercised initiative, resourcefulness, force and aggressiveness in an outstanding manner. He was a capable dictator; he was exceptionally well qualified for supervising dangerous assignments, physical surveillances, and difficult and complicated investigations; he made an excellent impression in his contacts; had the requisite ability to organize and initiate investigations and accept and discharge responsibility without supervision; he was physically fit in all respects; was available for any type of special or general assignment; he was an extremely hard working and conscientious individual; and he was fully qualified in every respect to serve as SAC.

By letter dated 7-8-49 he was censured for inadequately supervising the espionage case of Agnes Smedley and Gunther Stein. It appeared that he failed to bring about a careful review and analysis of the available facts and a prompt and thorough investigation of all logical leads in order that the case might have been brought to a satisfactory conclusion without unnecessary delay. Case was assigned to Division headed by ASAC Belmont subsequent to 3-1-46.

By letter dated 7-29-49 the Director commended him for the splendid manner in which he personally supervised the investigation of the Judith Coplon case which was so successfully prosecuted in Washington, D. C.

By letter dated 8-31-49 the Director commended him for the exceptionally fine work performed by him and Special Agents of the New York Office in connection with the investigation and trial of Alger Hiss. He was advised that the persistent, thorough and intelligent manner in which this case was handled throughout the various difficult phases was, of course, a tribute to his splendid leadership. It is to be noted, in July, 1949, Thomas J. Donegan, Special Assistant to the Attorney General also commended Belmont for his services in connection with this case.

During an inspection of the New York Office in October, 1949, Inspector Gurnea said that he was particularly familiar with the functions and administration of the New York Office and did not become confused when handling involved matters. He had exhibited initiative and force when dealing with outside officials. Likewise, he was a disciplinarian and handled personnel very well. The Inspector was very much impressed with Belmont and believed he was thoroughly qualified to serve as SAC of any Bureau Field Office. It was noted that the SAC relied considerably upon his judgment and experience. On 10-30-49 he received a basic salary increase to \$9200 per annum in GS-14.

On 10-30-49 he received a meritorious increase to \$9400 per annum in view of the outstanding services he had performed in connection with the trial of the eleven Communist Party top functionaries in the Federal District Court in New York City.

On 10-31-49 John F. X. McGohey, U. S. Attorney, Southern District of New York, U. S. Court House, New York, New York, commended Belmont on his work in connection with the case of

~~SECRET~~

~~SECRET~~

U. S. v. Foster.

On 12-20-49 the Director commended him for the very capable manner in which he had participated in the apprehension of Paul L. Kilmer, subject of an Extortion case.

On 2-27-50 he was transferred as Inspector ^{in Charge} to the Security Division.

By memorandum dated 3-2-50 the Director advised Mr. Tolson that he had seen Mr. Belmont and had told him that he had not been satisfied with the current administration of the Security Division and it was for this reason that he was being brought to Washington to take charge of it. The Director discussed with him some of the difficulties which had occurred and the imperative necessity for the injection in that division of thoroughness, ingenuity and more energy. Mr. Belmont seemed to have a full grasp of the technical subjects over which he would have supervision and it was hoped that he would manifest the necessary drive and direction in handling the personnel of that division so that there might be a marked improvement in it.

By letter dated 3-15-50 the Director commended him for the very capable manner in which he had directed the investigation and supervision of the Judith Coplon-Valentin Gubitchev case in New York. The Director felt that Mr. Belmont had exercised exceptionally good judgment in the over-all direction of this highly complex and difficult case and would certainly recommend him for a Superior Accomplishment Award if it were possible to do so. Unfortunately, regulations prohibit more than one such award during any eighteen month period and since he had received one on 10-30-49, it would not be possible to recommend another at this time.

By letter dated 3-15-50 the Director commended him in connection with the Alger Hiss case and stated that the successful prosecution of Alger Hiss prompted him to express his profound gratitude to Mr. Belmont for the highly efficient manner in which he had personally handled its over-all supervision in New York.

By letter dated 3-30-50 he was censured with regard to the preparation of two memoranda for the Assistant to the Attorney General, furnishing information which was in the Bureau's possession concerning Owen Lattimore. In the first place, had the original memorandum been properly prepared and adequately supervised by him, there would have been no need for a second communication to the Department. The Director could see no valid reason why the additional information, which it was found necessary to incorporate in the supplemental memorandum, was not furnished the Department at the outset, inasmuch as Mr. Belmont realized the extreme importance of the matter as well as the Director's desire that the memorandum be complete. In addition, a conclusion on the part of the Bureau was included and this was a clear transgression of the well-established policy of this Bureau which was a fact-finding organization. Even when an attempt was made to remedy the inadequacy of the original communication by the submission of a supplemental memorandum, this document, too, was prepared and approved by the Security Division with two glaring errors which must have been obvious to any person reading the memorandum who had kept abreast of the news during the past several months. He was advised it was his responsibility as the official in charge of the Security Division to delegate the preparation of the memorandum to personnel capable of properly handling the assignment and in addition, to give the matter the necessary supervision to insure completeness and accuracy. This he had failed to do. He was

~~SECRET~~

~~SECRET~~

instructed to take the necessary measures to insure against any further such failures in the future, and if he was unable to do this, other administrative action might be required.

On 3-31-50 Mr. Glavin rated him VERY GOOD on his annual and transfer efficiency report and said that he had handled his important duties and responsibilities in an exceptionally outstanding manner. He had shown exceptional ability both in handling and supervising dangerous assignments and in supervising matters pertaining to physical surveillances and difficult and complicated investigations. He had testified in an outstanding manner when subjected to vigorous cross-examination in hearings in the Coplon-Gubitchev case, and he was available for special or general assignment. He commanded the respect of personnel working under him and had demonstrated that he possessed the quality of leadership. He had shown that he possessed the ability to analyze difficult and complicated matters, it was felt that in all respects his performance as ASAC was highly satisfactory, he was in all respects qualified to handle important responsibilities, and he was considered one of the most capable men in the Bureau's service.

On 5-19-50 Mr. Ladd rated him VERY GOOD and said he had taken hold of his duties at the Seat of Government very rapidly. He had very satisfactorily handled the operations of the Security Division during the short period of time he had been in charge. He was exceptionally interested in his work and proceeded with each assignment or investigation with a maximum of enthusiasm. He demonstrated that he had the quality of leadership and was able to adequately direct the activities of the supervisors in the various fields of investigative effort.

By letter dated 5-25-50 reference was made to the 1950 annual efficiency report submitted on Special Agent Supervisor Edgar R. Clayton by Mr. Carl E. Hennrich and approved by Mr. Belmont. In this report, Clayton was rated as Excellent; however, in view of the fact that he was censured and placed on probation during the current rating period because of his unsatisfactory handling of an espionage case which was under his supervision and inasmuch as he remained in a probationary status for a considerable portion of the rating period, the Bureau could not concur in the Excellent rating afforded him and, accordingly, it was being reduced to Very Good. Mr. Belmont was instructed to inform Clayton of this action, as well as the reason for it. Mr. Belmont was further advised it was apparent that sufficient consideration was not given to the evaluation of Clayton's services in connection with this report on him and it was desired that in the future Mr. Belmont exercise greater care in connection with the preparation and approval of efficiency reports in order that the services of employees may be properly evaluated and there may be no further occasion to bring such a matter to his attention.

On 6-8-50 he was commended for the highly efficient manner in which he had

~~SECRET~~

handled the over-all supervision of the Harry Gold; Espionage - R case.

In June, 1950 a memorandum was sent to the Director advising why a memorandum of Communist Party, USA, International Relations, Internal Security - C, was prepared for transmission to McInerney of the Department. The memorandum ended with a gratuitous statement, which the Director severely criticized, pertaining to sending information dealing with the international situation to other intelligence agencies, as well as to the Department. The final sentence, "If it is your desire that this not be done, our policy will be changed accordingly," was added by Mr. Laughlin at the instruction of Mr. Belmont who stated he had told Laughlin to add the sentence for the purpose of securing advice from the Director as to future policy. Mr. Belmont admitted to Mr. Tolson that the phraseology was unfortunate, but that it was certainly not intended to be flippant in any way. The memorandum was prepared by Mr. Schmit and Mr. Jacobs, and Belmont advised that when the memorandum came through his office, it should have been realized that the language used might have given the impression of being discourteous - it was regretted that this was missed and they would be more alert in the future. The Director said he considered Belmont, Laughlin, Schmit and Jacobs all culpable in this incident. The Director stated he did not raise the question about sending any information to the Intelligence Agencies, but questioned the sending of certain specific data in question to McInerney. Yet in reply to his query, the Director said he received an "entirely gratuitous and extraneous memorandum which in addition was couched in a flippancy of phraseology.

By letter dated 7-3-50 the Director advised him he was extremely displeased over the recent laxity on the part of the Security Division in failing to discover an error which had been contained in an investigative report of the Washington Field Office prepared in 1945 in a most important espionage case. This error arose in connection with the Senate Committee's hearing based on allegations by Senator McCarthy regarding the loyalty of State Department Officials. An error in the investigative report transmitted to the Department in 1945 was not discovered by the Security Division, but was brought to the Bureau's attention by the Department. This error involved the results of a microphone surveillance of a meeting between John S. Service and Philip Jaffe.

On 8-6-50 he was eligible for a Uniform Promotion but was passed over to be reconsidered at a later date in view of the administrative action taken against him within the consideration period.

On 9-1-50 in a memorandum for Mr. Ladd, Mr. Belmont and Mr. Tolson, the Director said in regard to the memorandum from Mr. Belmont dated 8-31-50, concerning the interview conducted by the New York Office with Lee Pressman, the Director had talked to Mr. Whelan at New York and he informed the Director that he was not instructed by Mr. Belmont not to interview Pressman at Pressman's Office. Mr. Whelan informed the Director that Mr. Belmont instructed him to invite Pressman to the New York Office for an interview

taken immediately to determine the cause and correct this obviously undesirable condition. It was expected it would not be necessary to call such delinquencies to his attention again.

It was noted that the daily average overtime worked by Mr. Belmont for the month of October was 3 hours 6 minutes, the Office average was 1 hour 2 minutes.

It was noted that under date of 11-7-50 a letter of censure was directed to SAC Scheidt of the New York Division and to SAC Schlenker of the San Juan Division because of lack of adequate informant coverage by both of those offices of the Nationalist Party of Puerto Rico. In connection therewith the Director concurred with the recommendation that letters of censure should be directed to the aforementioned SAC's and he also commented - Here again Ladd and Belmont failed to be on top of the situation and to see that adequate coverage was established; that is what proper supervision here at the Seat of Government would have attained. It was also noted that under date of 11-7-50 a letter of censure was directed to Special Agent Supervisor August Kayne of the Security Division, Internal Security Section, because of a delay on his part from 10-19-50 to 11-2-50 in disseminating to other interested agencies an Internal Security report dealing with the Nationalist Party of Puerto Rico.

By letter dated 11-13-50 his attention was called to the fact that after reviewing the information submitted by the Security Division with respect to the existing informant coverage upon the activities of the Nationalist Party of Puerto Rico, the Bureau could reach no conclusion other than that this coverage was woefully lacking and that the Security Division failed in its responsibility to follow with the San Juan Office to make sure that adequate informants were developed. It was pointed out to him that the recent outbreak in Puerto Rico accompanied by the attempted assassination of the President of the United States pointed out clearly the serious results of such delinquencies. As Inspector in Charge of the Security Division it was his responsibility to make sure that proper informant coverage was developed and maintained and this he failed to do.

By letter dated 11-16-50 it was pointed out to him that upon consideration of the information he submitted with respect to the congestion which existed on the desk of the supervisor handling the activities of the Nationalist Party of Puerto Rico, it was clear that he was at fault in not having furnished relief to this man from other sections of his division. This failure was most serious and the Bureau could not permit similar delinquencies to occur. It was further pointed out to him that it was expected that he would exercise the necessary leadership to bring about the prompt and efficient fulfillment of the responsibilities of his division and also to take the necessary administrative action to relieve such instances of congestion as occurred in this matter.

and beyond that there were no instructions. In a conversation with Mr. Ladd the Director had specifically told Mr. Ladd that Pressman was not to be interviewed in his office, but if Pressman should contact the New York Office he should be told that he could come to the Office and make whatever statement he wished to make. The Director told Mr. Ladd that he did not intend that our Agents now should seek Pressman out since he had originally declined to make a statement to the Bureau before he appeared before the House Committee on Un-American Activities and as to whether or not he now made a statement to the Bureau was immaterial. The Director was at a complete loss to understand why his instructions given to Mr. Ladd were not carried out by Mr. Ladd who should have phoned Mr. Scheidt. Instead Mr. Ladd delegated the matter to Mr. Belmont who instead of calling the SAC at New York called the ASAC and then the instructions which were given to the ASAC were not the instructions which the Director originally issued. The persons derelict in this matter were Mr. Ladd and Mr. Belmont. The Director said that in the future when he issued orders to Bureau officials concerning matters of considerable importance he shall expect the individual official to whom he issued the order to carry the same out and not delegate it to some assistant or supervisor down the line. The Director thought it would be well now to inform the SAC at New York in writing that any further interviews with Pressman were to be conducted at the New York Office

By letter dated 10-6-50 the Director advised that his attention had been called to the inadvertent transmission to the Veterans Administration Agency of unfinished Bureau memoranda which were designated for Bureau field offices. Although it had not been definitely established as to how this material left the Bureau it was obvious that such a situation would not have occurred had appropriate action been taken to destroy the unfinished memoranda when they had been discarded. Inasmuch as a stenographer in the Security Division was responsible for failing to destroy the unfinished memoranda in this instance, there was a letter forwarded to Mr. Belmont for his information and delivery to this employee cautioning her in this respect. However, Mr. Belmont was instructed to immediately see to it that all employees under his supervision clearly understood that discarded material of a confidential nature must be completely destroyed to prevent a similar occurrence.

By letter dated 10-11-50 the Director said his attention had been directed to the failure of supervisory personnel under Mr. Belmont's jurisdiction to handle promptly two communications from the Pittsburgh Division dated 8-3, and 9-6-50 in the case entitled Milo Mamula, wa, Security Matter - C. From an examination of the explanations submitted in this matter, it appeared, among other things, that supervisory and stenographic congestion were responsible for part of the delay which condition reflected a lack of proper planning on Mr. Belmont's part. It was also noted that there was a duplication of effort in reviewing work in the handling of the 9-6-50 letter which should not have been necessary. In addition, it should have been apparent to Mr. Belmont or to the Agent in Charge of the Internal Security Section that there was an unwarranted delay in replying to these letters and steps should have been

By letter dated 11-17-50 he was advised that the Bureau's attention was called to the failure on the part of the Internal Security Section of his Division to include in a memorandum dated 7-10-50 which was prepared for transmittal to another agency pertinent information in connection with the matter involving Bruno Pontecorvo, Espionage - R. As he had indicated the information in question certainly should have been included and failure to do so was definitely contrary to existing instructions.

During an Inspection of the Security Division in November, 1950, Inspector Harbo said he had a very good background for this assignment, having served for several years as ASAC in New York where he handled Security matters. He was above average in appearance and personality. He was enthusiastic and a hard worker. He was an independent thinker and possessed good analytical ability. The general organization and administration of the Security Division was found to be good, and Mr. Belmont was quick to benefit from suggestions by the Inspector concerning items which could be improved. b1

(S) By letter dated 12-28-50 he was COMMENDED for the courtesies he extended the Chief of the Investigative Unit of the Cuban Army, Major Clemente Gomez Sicre, and his aide, Captain Orlando Garcid Iglesia, while they were visiting the Bureau.

On 1-7-51 he received a uniform promotion to \$9600 per annum in Grade GS-14.

(S) On 2-5-51 the Director saw him, at which time the Director discussed with him the Director's concern over the very poor supervision of the Legal Attaches' work and the cases handled by this Bureau abroad, particularly referring to the situation which had developed in Paris through the poor judgment of Legal Attache West and the improper supervision of his work at the Seat of Government. The Director also referred to the [redacted] he also discussed with Mr. Belmont the concern which he had over the failure of the Security Division to properly review various directives which were submitted to the Bureau by other agencies before being issued, having in mind particularly the directive which would force the Bureau to establish a courier system between the Seat of Government and the field offices for the transmission of top secret or classified material. The Director also spoke to him about the notification of [CIA] to the effect that we would discontinue investigating any of their personnel in the future. Mr. Belmont was told that as a matter of fact the Director had not reached a decision in this matter when he was informed by [General Smith, in charge of CIA] that our liaison representative had informed him that such a decision had been made. He told Mr. Belmont that he had inquired as to whether there was any reason why such a decision could not be made and was awaiting word from Mr. Ladd, but apparently there was some misunderstanding and the liaison section had been instructed to notify [General Smith] of that decision. Mr. Belmont was told that the Director thought the matter had been handled very crudely and very ineptly; that there was no reason to notify [CIA] of this decision until such time as [CIA] might request us to make any further investigations. The

Director also spoke to him about the morale in the Security Division. He told him that he thought it imperative that he insure that the Bureau had a compact and enthusiastic working team in the Security Division and that any malcontents now in that division should certainly be spotted and eliminated. Mr. Belmont was also told that the Director wanted to make certain that the Liaison Section representatives at other government agencies were thoroughly alive at all times to the Bureau's interests. The Director stated that he must say that after talking with Mr. Belmont he was not certain that he had made any impression upon him whatsoever. He was developing more and more this so-called "dead fish" reaction which was rather discouraging in talking to him.

On 3-31-51 Mr. Ladd rated him SATISFACTORY and stated that in his capacity in charge of the Security Division he had supervised the work of the field offices with reference to all internal security, espionage and related cases. He had a thorough knowledge of Bureau policy and procedure and was able to direct the activities of a large group of investigators. He was possessed of considerable administrative ability and exercised good judgment. He was thoroughly acquainted with the problems of the field as well as the policies and problems of the Seat of Government. He had a sharp mind and was well equipped for further advancement and responsibilities.

By letter dated 4-24-51 he was CENSURED with respect to a communication received from the Assistant Attorney General in charge of the Criminal Division of the Department of Justice which was not brought to the Director's attention by Mr. Belmont's Division until ten days after its receipt by that Division.

On 7-8-51 he received a basic increase to \$10,400 per annum in Grade GS-14.

By letter dated 8-15-51 he was CENSURED because of the fact that he had learned that Agents assigned to the New York Division had lost the surveillance of Mrs. Robert Klonsky, and he failed to immediately secure the full facts of the matter and to submit an appropriate recommendation concerning administrative action.

By letter dated 9-26-51 he was COMMENDED for his splendid participation in the two-day indoctrination course held at the Bureau in connection with an extremely important Internal Security matter.

On 9-30-51 he was reallocated to the position of Assistant Director in charge of the Domestic Intelligence Division, \$10,800 per annum in Grade GS-15.

On 10-22-51 he was placed in Grade GS-17, \$13,000 per annum, as Assistant Director.

By letter dated 11-14-51 he was COMMENDED for the very laudatory comments brought to the Director's attention regarding the highly efficient and

businesslike manner in which he had been conducting Security Conferences. Particular reference was made to the conference held on November 5 and 6, 1951, which he reportedly conducted in a very splendid fashion.

By letter dated 2-13-52 he was CENSURED for the lack of coordination displayed in his division in connection with the recent matter involving commendation of Special Agents of the Cleveland Office for their work in developing valuable security informants. The manner in which this matter was handled resulted in an unwarranted delay in the taking of final action in this instance.

By letter dated 2-25-52 he was CENSURED for his failure to take steps, at the time the President's Executive Order was originally issued establishing minimum standards for the handling of classified information, to have the Bureau exempted from any over-all regulations of the Department of Justice.

By letter dated 2-28-52 he was CENSURED for the mishandling of an interview conducted by the Honolulu Division in the matter of the pending prosecution of Communist functionaries under the Smith Act and the conclusion was inescapable that this general program was initiated without proper planning on his part and had been carried out with little or no supervision by the responsible Bureau executives.

On 3-31-52 Mr. Ladd rated him SATISFACTORY and remarked that he was a conscientious, hard worker, was very sincere, was possessed of good judgment and had a good knowledge of the Bureau's problems and policies. He had the respect of the employees of the Domestic Intelligence Division who were working for him and was able to direct their activities in a very satisfactory manner. He was constantly endeavoring to develop plans for future contingencies as to the work of the Bureau in the internal security category. In all, he had done a very satisfactory job.

b1

(S) His overtime for March, 1952, was 3 hours 27 minutes per day.

(S) On 4-22-52 the Director saw him and expressed his displeasure at the manner in which Mr. Belmont had handled the Katz case with [redacted] calling to his attention the fact that we had over a period of a year made numerous requests of [redacted] for information concerning Katz, and that we had received no answers to our inquiries and, as a matter of fact, had received no acknowledgment of them. He was told that consequently the Director would not now accede to the request of [redacted] to make available [redacted] certain information concerning [redacted]. The Director is a two-way street and obviously [redacted] had not received it from [redacted] in this particular case. The case of Allen Dulles was also discussed with [redacted] and the mishandling of the case by his Division. It seemed elementary that they should have contacted Mr. Dulles or at least someone in [CIA] before disseminating inaccurate information received from some informant concerning Mr. Allen Dulles. The Director also discussed with him the recent memorandum received from the

Assistant Attorney General in Charge of the Criminal Division, Mr. McInerney, in which a ruling was made that if any Agent of this Bureau having knowledge of a wiretap was called to the witness stand in court, that he must answer any questions concerning the method of coverage and other details concerning same. If this ruling stood, it would be necessary to completely discontinue all technical surveillances. Mr. Belmont asked whether the Director had any objection to his taking this matter up with Mr. McInerney and pointing out to him the problems which it raised. The Director told him he had no objection to his taking this action but he should keep in mind that it was a well-known fact that McInerney kept a diary and recorded there all conversations which he had with anyone and that Mr. Belmont should be guided accordingly.

During an inspection of the Domestic Intelligence Division in August, 1952, Inspector Naughten said he was an aggressive, industrious and intelligent executive. He had desirable traits of shrewdness and judiciousness. He had worked many extra hours and had been able to keep himself rather well posted on operations in his Division. Inspector Naughten regarded him as competent in his present work.

His daily average overtime for August, 1952, was 2 hours 54 minutes.

By letter dated 9-18-52 he was COMMENDED for the fine work performed by the St. Louis, Detroit and Seattle Divisions in the apprehension of Smith Act subjects and the Director was aware that his over-all supervision and detailed planning at the Seat of Government contributed to a great extent to the successful results attained.

By letter dated 11-10-52 he was CENSURED because a check of the physical security of the Domestic Intelligence Division on November 6, 1952, reflected certain weaknesses.

By letter dated 1-6-53 he was CENSURED because hearings by the New York Crime Commission had brought to light certain criminal activities on the New York waterfront which indicated that the Bureau had been lax in initiating a program whereby our responsibilities in that connection would have been known and could have been fulfilled.

By letter dated 2-5-53 he was CENSURED for the improper handling of the supervision by the Domestic Intelligence Division of the investigation of an attempted derailment of a railway train near Baltimore, Maryland, on 1-24-53. It was necessary for the Director to call to his attention the fact that there was a discrepancy between published versions of the handling of this investigation with respect to who made the arrests and, as a result, Mr. Belmont had now advised the Director that the Baltimore Division had failed to furnish him with complete and accurate facts in the first instance. He apparently failed completely to sense the situation and to challenge the details furnished by the Baltimore Office until the matter was brought to his attention.

~~SECRET~~

~~SECRET~~

By letter dated 2-16-53 he was CENSURED for the deplorable manner in which contacts with Mr. Edward F. Hummer were handled by his division. The Director felt that if he had been more alert in recognizing the potential problems that might arise from such contacts he would have realized that Agent Wacks required closer supervision and guidance in handling this matter. Such assistance would have left the record clear as to the Bureau's position in this matter.

By letter dated 2-26-53 he was CENSURED in connection with the matter involving infiltration of the United Nations by subversive American citizens in which the Domestic Intelligence Division failed to take prompt and appropriate action with respect to the inadequate identifying data appearing in lists containing names of American employees of the United Nations which were submitted by another government agency in January and October 1952, respectively.

On 3-31-53 Mr. Ladd rated him SATISFACTORY and commented that he was a hard-working, conscientious employee and had devoted long hours to the Bureau's work. He had good judgment, initiative, and had done a very good job of planning the work of the Domestic Intelligence Division. He accepted criticism readily and endeavored to improve himself as a result of such criticism. He was well liked by the employees under his direction and spent considerable time in the direction and development of the supervisors in his Division. Altogether his services were satisfactory.

By letter dated 4-1-53 he was CENSURED for the exceedingly reprehensible fashion in which the loyalty investigation of Louis Ira Kaplan, appointee to the Office of Assistant United States Attorney for the Southern District of New York, was handled in the field and supervised by the Domestic Intelligence Division. The initial investigation was inadequate, and even so the investigative report was delayed beyond the deadline previously set. Yet, when instructions were prepared for transmittal to the New York Office concerning the additional investigation needed, one of Mr. Belmont's subordinates permitted this communication to be delayed six days by his failure to promptly review and approve it.

By letter dated 4-10-53 he was CENSURED with regard to the delay on the part of the Boston Division in handling its investigative duties in the Joseph Woodrow Weinberg case. A Special Agent Supervisor in his Division was responsible for seeing to it that the investigation was completed and reported promptly, but failed to do so.

On 4-26-53 he received a uniform promotion to \$13,200 per annum in Grade GS-17

His daily overtime average for April, 1953 was 2 hours 58 minutes; with no travel overtime.

By letter dated 5-13-53 he was CENSURED in view of the results of the recent survey made into the handling by the Domestic Intelligence Division of the Thad Lawrence Mason matter. The Director expressed his dissatisfaction over the weaknesses found to exist within his division in supervising this most important case.

On 7-5-53 he received a MERITORIOUS INCREASE in salary to \$13,400 in Grade GS-17, in view of his outstanding performance in connection with the over-all supervision of the Espionage case involving Julius and Ethel Rosenberg. The Director was most pleased with his administrative handling of the Espionage case involving Julius and Ethel Rosenberg, and particularly with the extremely capable manner in which he personally took charge of the latter phases of this case. The arrangements which he made at the prison prior to the execution of the subjects, in order that they might have the opportunity to furnish any information they desired, were well planned and complete. The Director was also much impressed with his alertness in making certain that the Bureau was immediately advised of all developments in this important case, and the conclusion of this matter without the occurrence of any untoward incident was certainly evidence of the thorough fashion in which his plans were laid and carried out.

By letter dated 7-22-53 the Director expressed his appreciation for the excellence of the Special Conference for Field Security Supervisors which he conducted on July 20 and 21. The Director advised that he was indeed pleased to receive such a good report in connection with this Special Conference. The success of the conference was due to both the careful preparation made by him and the Supervisors in his Division and the wholehearted and enthusiastic participation by all concerned. The Director conveyed his congratulations to the Supervisors who participated in the program.

By letter dated 8-31-53 he was COMMEDED in view of the skill and efficiency with which Bureau agents located and apprehended I. O. Fugitives Robert George Thompson and Sidney Steinberg, Smith Act subjects, and four other members of the Communist Party underground apparatus. It was felt that he was certainly deserving of the highest praise for his supervision and coordination of the matter.

By letter dated 9-14-53 the Director expressed his extreme displeasure with the gross mishandling of the investigation regarding suspected espionage at Fort Monmouth, New Jersey, and at the Federal Telecommunications Laboratories, Nutley, New Jersey. This investigation required a project of photostating a large number of dossiers of individuals connected with the installations at

~~SECRET~~

~~SECRET~~

Fort Monmouth and Nutley, New Jersey, and the submission of summary reports on the information contained in these dossiers. This project had dragged on for over three months and it was still not completed, and due to the inept supervision afforded this case by the Domestic Intelligence Division it had been necessary to practically paralyze the Newark Division by assigning thirty-five agents to the project for over three weeks. When it became apparent that the Army was failing in its obligation to photostat a portion of these dossiers he should have insisted on the Newark Division's demanding of the Army immediate action in photostating the material or promptly making other arrangements so that this project could have been completed within a reasonable time.

On 10-2-53 the Director advised him to take immediate steps to arrange for the more expeditious passage of memoranda and correspondence through the Domestic Intelligence Division. The Director said he had in mind the recent occurrence where a memorandum from him (Mr. Belmont) to Mr. Ladd dated 9-18-52, and entitled "Proposed Action To Assist in Double Agent Operations Abroad; U. S. Evaluation Board (USEB)" was held in the Espionage Section from 9-18-53 to 9-28-53. Despite Mr. Whitson's explanation that he had more pressing matters to handle first, it was still felt the delay was excessive.

By letter dated 10-7-53 to Mr. Belmont, the Director advised that he had given careful consideration to the delay which occurred in handling the matter of the dereliction of Special Agent Walter M. Brady of the New York Division in the Security Matter case involving Tess Swerdlow and it was apparent that the Domestic Intelligence Division should have submitted its memorandum on this matter more promptly. Although the letter containing the pertinent details was received in the Bureau on 9-17-53, and in the Domestic Intelligence Division on the following day, the memorandum recommending action against Agent Brady was not prepared until 9-23-53.

By letter dated 10-23-53 the Director advised him that he had given careful consideration to the findings of the inquiry recently made into the handling by the Domestic Intelligence Division of information to the effect that certain confidential items emanating from United States defense installations had been observed in the Soviet Zone of Germany and he (the Director) was greatly concerned over the failure of the Espionage Section of his division to issue instructions that the individual furnishing this information be interviewed by a Bureau representative.

On 11-9-53 he was advised by the Director to take immediate steps to prevent any recurrence in the Domestic Intelligence Division of delays or administrative weaknesses such as those which occurred in the handling of the letter from Congressman Carroll Reece which was dated 10-16-53. The Director advised him that the Bureau had carefully gone into this matter and despite the fact that a number of files had to be reviewed there were administrative delays and weaknesses which certainly could have been avoided if proper supervisory attention had been given to this matter.

~~SECRET~~

~~SECRET~~

By letter dated 11-18-53 the Director advised him that a review had been made of the handling of cases involving the loss of classified documents at the Syracuse and Schenectady Plants of the General Electric Company and this survey had disclosed that summaries of the various cases had been prepared by the Domestic Intelligence Division for his (the Director's) information. It was noted that certain administrative weaknesses in the handling of these cases were not set out in the summaries submitted by his Division and he (Director) had been advised that his reason for not showing such delinquencies was because he felt that the purpose of the summary memoranda was to make available the facts concerning the cases in question. Obviously, facts were not complete unless delays and other weaknesses in handling were shown and when he presented the facts to the Director, he wanted to have the complete picture at all times. b6

By letter dated 11-27-53 he was CENSURED in view of the recent inquiry into the handling of information received from [redacted], a former official of [redacted]. It was observed that an undue delay occurred between the time [redacted] entered the United States and was available for interview and when he was interviewed by Bureau agents. Specifically, although [redacted] entered the United States on 2-20-53, and this Bureau was advised on 3-24-53, that he was released from the custody of another governmental agency, he was not interviewed by Bureau agents until 9-23-53. There appeared to be absolutely no reason for the failure of the Domestic Intelligence Division to arrange a more timely interview with [redacted] in order to be certain that he was not in possession of information pertaining to the national security and of value to this Bureau.

By letter dated 11-30-53 the Director congratulated him on his Seventeenth Anniversary with the Bureau.

By letter dated 12-4-53 to Mr. Belmont, the Director expressed his appreciation to him, and through him, his associates in the Liaison Section for the get-together they arranged at the Army Navy Country Club on 12-3-53.

By letter dated 1-5-54 he was CENSURED in view of the dilatory handling of the Espionage matter involving Paul P. Stoutenburgh, and it was obvious that he had failed to impress upon the personnel under his supervision the necessity for promptly and efficiently handling such important matters. The Director was aware of the abnormal work situation in the Espionage Section during this period; nevertheless, this matter was received in the Domestic Intelligence Division on 11-5-53, and was not completed until 12-11-53, which was certainly an unwarranted delay. b6

By letter dated 1-6-54 the Director advised him as a result of the recent inspection of the New York Division and the analysis made by the Training and Inspection Division of the handling at the Seat of Government of information received from [redacted] a former official of [redacted] intelligence, certain delinquencies in Espionage and Internal Security cases

under his over-all supervision had come to the Director's attention. In connection with his assignment as Assistant Special Agent in Charge of the New York Division he was charged with the over-all responsibility for delays of five months and more than one month in the opening of two Espionage cases and for delays in the submission of initial and subsequent reports for periods ranging from three and one-half months to more than four months. Another Espionage case was closed with only minimum investigation and there was a delay of over two weeks in reopening the case and of almost one year in submitting a report. In another instance a case was opened in January, 1948, and no investigative report was submitted until April 26, 1949. b6

While he had been assigned as Assistant Director of the Domestic Intelligence Division the Director had observed that an Espionage case was closed without having eight individuals interviewed who might have had information pertaining to the investigation. In an Internal Security case there was a delay in opening the investigation from 8-30-50, to 10-4-50, and in an Espionage case original information came to the Bureau's attention in March, 1948, and an individual case was not opened on this matter until June, 1953. In another case there was a delay of approximately six weeks in transmitting to another Governmental agency the request of a field division to have [] reinterviewed, and in four other cases there were delays of more than two months in opening investigations after the receipt of the information on which these cases were based. As Assistant Director of the Domestic Intelligence Division it was his responsibility to see to it that all investigative matters were handled efficiently and promptly by those serving under his supervision. (u)

By letter dated 1-20-54 he was CENSURED for the undue delay in handling of the Security Matter - Communist case involving Donal E. J. MacNamara and it was apparent that the personnel under his supervision had not been thoroughly apprised of the necessity for promptly and efficiently completing all correspondence. This particular piece of mail was received in the Domestic Intelligence Division on 12-22-53, and did not clear the Internal Security Section until 1-6-54. Although the Christmas and New Year's holidays and two week ends intervened a total of eight working days lapsed before this matter was completed in his division which was certainly an unnecessary delay.

On 2-26-54 the Director advised him that he had reviewed the findings of an inquiry made in order to determine the causes for the unwarranted delay before a communication was transmitted to the White House pursuant to a request received by the Liaison Section of his division in the Jay Lovestone case and the Director noted that the liaison agent who received the request delayed overnight before advising the Espionage Section of the matter and his confirmatory memorandum did not reach his office until the morning of the second day following receipt of the White House call.

By letter dated 3-9-54 he was COMMEDED for the over-all handling of the matter involving the Nationalist Party of Puerto Rico and his noteworthy supervision of the project.

On 3-31-54 Mr. Tolson rated him SATISFACTORY.

By letter dated 5-11-54 he was CENSURED for the unwarranted delay in submitting to the Director a memorandum recommending action with respect to three security informants of the Detroit Division who were in danger of being exposed by a Congressional Committee hearing and there appeared to be no justification for this delinquency. In the first place the teletype of the Detroit Office, on which the Director had made certain notations, was received in his (Belmont's) office at 2:12 PM on 5-3-54, and did not reach the Internal Security Section of his Division, where it was to be handled, until 8:59 AM the following day. This delay was grossly excessive.

By letter dated 6-8-54 he was COMMEDED for the splendid fashion in which he directed the recent arrests in the New Haven and New York Division of a number of Communist Party Functionaries under the Smith Act.

By letter dated 6-11-54 he was CENSURED in view of his explanation with respect to the erroneous statement contained in a summary memorandum submitted by the Domestic Intelligence Division on 5-11-54, regarding current problems in connection with cases of suspected espionage at Fort Monmouth, New Jersey, and the Federal Telecommunications Laboratories, Nutley, New Jersey. The summary in question stated that the Army had failed to furnish certain Photostats to the FBI whereas the true situation was that because the Army delayed in preparing the necessary Photostats our New York Office was instructed to assist in this project and did so. While it was realized that the summary memorandum in question was a condensation of a considerable amount of material, this factor was no excuse for the glaring error which occurred since conciseness in presentation could not justify a failure to present the true facts.

By letter dated 6-14-54 he was COMMEDED for the splendid work which had recently been performed in the Domestic Intelligence Division concerning the investigations and apprehensions of a number of members of the Nationalist Party of Puerto Rico.

In a memorandum to Mr. Tolson, Mr. Boardman, Mr. Belmont, and Mr. Nichols, dated 6-14-54, the Director advised that he had just learned that Mr. Belmont failed to confirm in writing the understanding which he had with representatives of the Criminal Division a few days ago in discussing the Major Irving Peress case that the Bureau did not believe that the informant whom the Department indicated it might desire to use in this case should be disclosed and made available for testimony. Mr. Belmont, as the Director understood it, expressed this view orally but failed to confirm it by memorandum to the Department. The Director had on numerous occasions,

~~SECRET~~

~~SECRET~~

both in writing and orally, specifically instructed that any discussions or understandings had with the Department, particularly the Criminal Division, should be confirmed in writing. In connection with the above matter, the Attorney General informed the Director on 6-14-54 that he had been advised by the Criminal Division that they had discussed this matter with representatives of the Bureau and the Criminal Division was awaiting further word from the Bureau as to its position in regard to the informant in the Peress case. The Director had taken the position on the morning of 6-14-54 in conference with the Attorney General that he (the Director) understood the Bureau had already advised the Department that it was opposed to the disclosure of this informant and that the Bureau considered the informant indispensable.

The Director had since talked with Mr. Belmont who informed him that he (the Director) was wrong in that the informant was not indispensable but merely valuable. The Director further stated that all informants were valuable, otherwise we would not be paying them, but the Director had construed that informants who were absolutely essential to our coverage in security matters were indispensable and the Director had assumed that this was the case on the informant in the Peress matter. However, since this was not the fact, memoranda should be addressed to the Attorney General advising him that upon reevaluation of this matter, the Bureau's informant would be made available in the Peress case. It was embarrassing to take a position with the Department, particularly in a very important matter, and then have to reverse oneself.

By letter dated 6-17-54 he was CENSURED for the lax handling of a most important matter in the Domestic Intelligence Division. Specifically, an agent under his supervision received a memorandum from the Indianapolis Field Division on 6-4-54, setting forth information indicating a possible leak of security information from FBI files. Although this supervisor should have noted from the content of the Indianapolis memorandum that it should have been brought immediately to the attention of his official superior he did not do so until 6-10-54. After he had discussed this matter with the supervisor in charge of the Administrative and Correlation Desk in the Internal Security Section of the Domestic Intelligence Division on 6-10-54, the supervisor in charge did not report this information to his section chief until the late afternoon of 6-11-54.

During an Inspection of the Domestic Intelligence Division from 4-23-54 to 6-18-54, Inspector Van Pelt stated that although some delinquencies were found during the inspection, the over-all operations were generally satisfactory. Mr. Belmont impressed the Inspector as being hard driving but well liked and having a high degree of initiative, foresight and planning ability. He seemed to be discharging his responsibilities with particular

~~SECRET~~

~~SECRET~~

competence. He advised he had no personal problems and was available. The various functions of the Division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....VERY GOOD
INVESTIGATIVE OPERATIONS.....GOOD
ADMINISTRATIVE OPERATIONS.....GOOD
PERSONNEL MATTERS.....VERY GOOD

Letter of 6-21-54 made reference to the findings reported by Inspector Van Pelt as a result of his recent analysis of the operations of the Domestic Intelligence Division. While favorable progress had been made in improving some of the operations of the Division, further efforts were required to bring all phases of the work into first-class condition. Particular attention should be devoted to the effective reduction of the field delinquency in the pending security work. Mr. Belmont was further advised that although there had been a numerical increase in the security informant coverage since the last inspection, it was essential that the quality of the coverage be progressively developed to the maximum degree. It was observed that 19 field offices had not finished the summary report writing program, wherein the Bureau had set a deadline of 7-14-54, for completion. He should make certain these offices were closely followed to insure the termination of this program on time. It was hoped the inspection would be helpful to him in the administration of his Division. He and his staff should constantly endeavor to further improve the operations of the Division.

By letter dated 6-22-54 he was CENSURED in connection with the delay in disseminating to another governmental agency certain information of a security nature developed concerning Harold Irving Pollack, a midshipman at the United States Naval Academy and it was noted that he failed to initially analyze this matter completely. In a memorandum submitted regarding this delay in dissemination, which memorandum was approved by him, it was stated that information previously developed indicating that Midshipman Pollack had been in contact with the subject of a Bureau security investigation should have been disseminated at the time some subversive derogatory information was developed in February, 1954, concerning the subject of the Bureau investigation. This analysis was wrong as the information should have been disseminated at the time it was first learned that these individuals were in contact during May, 1953.

On 7-1-54 he was trained in the Kidnapping Squad courses.

By letter dated 10-15-54 he was CENSURED for the delay which occurred in the Domestic Intelligence Division in the handling of a letter dated 9-14-54, from the Miami Division pertaining to a request made by Mr. George A. Brautigam, State Attorney, Eleventh Judicial Circuit of Florida, Miami, Florida, for the identity of any informants who could be released to testify in the state prosecution of Samuel Hirsch for perjury.

~~SECRET~~

~~SECRET~~

It had been noted that this letter was received in the Internal Security Section on 9-22-54, and no reply was sent to the Miami Division until 9-30-54. It was realized that considerable research was necessary before this reply could be sent; nevertheless, it was obvious that this matter could have been handled more promptly than it was by the Domestic Intelligence Division.

On 10-24-54 he received a Uniform Promotion to \$13,600 per annum in GS-17.

By letter dated 10-27-54 he was CENSURED for the delay which occurred before appropriate dissemination was made of information received from the San Juan Division on 10-15-54, regarding possible violence by members of the Nationalist Party of Puerto Rico to be directed against members of a congressional committee scheduled to visit Puerto Rico and there was no justification for the delinquency in question. He must realize the absolute necessity of making such data available to the appropriate officials with the utmost dispatch and in the instance mentioned above this was not done.

By letter dated 11-10-54 he was COMMEDED for his very admirable representation of the Interdepartmental Intelligence Conference at the recent meeting of the National Security Council.

By letter dated 11-22-54 he was COMMEDED for his overall supervision of the regional conferences conducted in several field offices which were so enthusiastically received by those in attendance.

By letter dated 11-30-54 the Director CONGRATULATED him for his eighteen years of splendid and loyal service to the Bureau.

By letter dated 12-13-54 APPRECIATION was expressed for his contributions to the conference on In-Service Training which was held on December 2, 3, and 4.

By letter dated 12-16-54 he was CENSURED for the handling in the Domestic Intelligence Division of a request made by the Legal Attache, Mexico City, in a letter dated 7-12-54, for an additional agent for the Mexico City Office. It had been observed that this matter was not handled through to completion until 9-10-54, when a memorandum was submitted recommending SA Joseph T. Genco of the New York Division for this assignment. This delay was due to a large degree to the failure of personnel under his supervision to recognize the need for certain administrative functions, such as the review of personnel files for the selection of a suitable agent, at the time the request was first received from the Department of State for the assignment of an additional agent to perform these duties.

~~SECRET~~

By letter dated 2-17-55 he was CENSURED for the mishandling by the Domestic Intelligence Division of certain highly confidential information pertaining to our national security. It was noted that an informant had furnished this information in January, 1955, and after it had been received in the Espionage Section of the Domestic Intelligence Division prompt action was not taken to disseminate it to the appropriate interested Government agencies.

By letter dated 2-23-55 he was CENSURED and PLACED ON PROBATION as the result of the inquiry into the measures adopted by the Domestic Intelligence Division for making changes in Bureau investigative reports previously submitted containing information received from former confidential informant Harvey Matusow and the way in which the situation was handled by him was totally unsatisfactory. It was apparent that he gave no consideration whatever to the fact that the existing procedure of submitting amended pages for these reports in the files of the Department of Justice would place the Bureau in a position of extreme embarrassment.

By letter dated 2-25-55 he was CENSURED for the undue delay which occurred in the Domestic Intelligence Division in connection with the handling of a letter from the San Francisco Division requesting that the Bureau consider giving financial assistance to a former informant. It was noted that this letter, which was submitted by the San Francisco Office under date of 1-11-55, was received in the Internal Security Section on 1-17-55, and was not handled to completion until approximately one month later.

By letter dated 3-4-55 he was CENSURED for engaging in a long-distance telephone call with the Special Agent in Charge of the Atlanta Division on 2-28-55, which lasted 39 minutes.

By letter dated 3-10-55 he was CENSURED inasmuch as careful consideration had been given to the results of a survey recently conducted by the Training and Inspection Division into the handling by the Domestic Intelligence Division of changes made in investigative reports previously submitted to the Bureau. It was noted that personnel under his supervision had not been following existing instructions and insisting upon amended pages of reports being submitted by cover memoranda with explanations of personnel responsible and recommendations of the Special Agent in Charge as to any necessary administrative action. Mr. Belmont had advised that the Domestic Intelligence Division complied with these instructions only if the substance of the case was affected and the errors were serious enough to require administrative action notwithstanding the fact that the Director never authorized any such exceptions.

By letter dated 3-10-55 he was CENSURED for the ineffective functioning and delay which occurred in the Domestic Intelligence Division in connection with the handling of a letter dated 1-24-55, from the Assistant Commissioner of the Immigration and Naturalization Service. It was noted

~~SECRET~~

~~SECRET~~

that this letter was received in the Domestic Intelligence Division on 2-4-55, and was not handled to completion until 2-18-55, and there appeared to be no justification for the delay which occurred. Moreover, the Director was concerned with the incomplete explanation which he (Belmont) furnished to Mr. Boardman in his memorandum of 3-1-55, wherein he pointed out that the proposed letter to all Special Agents in Charge based on the Assistant Commissioner's letter was first received in his office on 2-16-55, and he did not mention that the incoming document was first received in his division on 2-4-55.

On 3-13-55 he received a basic increase to \$14,620 per annum in GS-17.

On 3-31-55 Mr. Tolson rated him SATISFACTORY.

b7D

By letter dated 4-28-55 he was CENSURED for the failure of the Domestic Intelligence Division to effectively supervise the Office of the Legal Attache in Mexico and the Mexican Border Coverage Program. It was obvious that he and employees under his supervision had allowed the Legal Attache's Office to operate to suit itself and have permitted this important program to deteriorate.

On 5-3-55 he was CENSURED in view of the facts relating to a proposed letter to all Special Agents in Charge regarding revised thumbnail sketches on [redacted] which had been prepared by an agent under his supervision. It was noted that he reviewed and approved this proposed letter although the sketch on [redacted] concealed the identity of an individual who had furnished information pertaining to that organization notwithstanding existing instructions that sources of data utilized [redacted] be set out.

He was CENSURED on 5-16-55 in that on May 9 and 10, 1955, a Special Agent under his supervision improperly executed the sign-in and-out register he used in that he was observed on both days to be engaged in personal affairs at a place remote from his normal work area after he had signified his arrival to assume his official duties.

By letter dated 5-19-55 he was CENSURED in view of his supervision of the Intensification Program, both in the field and at the Seat of Government. It was evident from the basic weaknesses in this program recently detected in the New York Division that he had not properly discharged his responsibilities in this regard.

Mr. Mohr's memorandum of 6-8-55 referred to Mr. Tolson's inquiry whether Mr. Boardman, Mr. Belmont and Mr. Keay had been continued on probation subsequent to being placed in that status 2-23-55. Mr. Mohr noted no recommendations had been made that Mr. Belmont be continued on probation in connection with 8 censures directed to him since 2-23-55 and consequently the letters did not indicate such action. Director noted "If I recall

~~SECRET~~

~~SECRET~~

correctly several of these were of sufficient seriousness as to warrant 'continued probation'. H."

By letter dated 6-21-55 he was COMMEDED for the exemplary manner in which he performed in connection with the recent Operation Alert.

By letter dated 7-11-55 he was CENSURED for the failure of him and several of his subordinates to comply with Bureau regulations regarding participation in scheduled firearms training during the fiscal year 1955.

By letter dated 7-27-55 he was CENSURED and CONTINUED ON PROBATION for the handling by him and personnel under his supervision of certain information pertaining to Nancy Anne Haycock received during May, 1955, from another Government agency. It had been observed that he discussed this material with an agent under his supervision and it was evident that he did not exercise sufficient initiative to secure all of the facts regarding the FBI handling of this matter and regarding criticism expressed by this other agency. Furthermore, the agent who received this material in the first instance served under his supervision and acted most improperly in failing to immediately record on 5-6-55, the receipt of certain documents from this other agency relating to Haycock. In addition, another supervisor of the Domestic Intelligence Division prepared a memorandum and a proposed letter to this agency in early July, 1955, although he did not clearly present for the information of Bureau officials all of the pertinent data of a critical nature regarding the Bureau.

During an inspection of the Domestic Intelligence Division in August and September, 1955, Inspector Tamm said he was a vigorous, enthusiastic, loyal Bureau official; extremely interested in his assignment and in the security work of his Division. He handled a large volume of work with a minimum of effort. He was definitely suited to his assignment and was performing his assignment in a satisfactory manner. The various functions of the Division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....	EXCELLENT
INVESTIGATIVE OPERATIONS.....	VERY GOOD
ADMINISTRATIVE OPERATIONS.....	GOOD
PERSONNEL MATTERS.....	GOOD

By letter dated 9-8-55 reference was made to the findings contained in the inspection report of Mr. Tamm which resulted from his recent survey of the operations of the Domestic Intelligence Division. Mr. Belmont was advised among other things that the active pending matters in classifications supervised by his Division showed a decrease of 25.32% since the last inspection. This compared with a Bureau-wide decrease during the same period of 30.03%. It was pleasing to note that convictions in security classifications during the 1955 fiscal year exceeded those of the 1954 fiscal year. The Inspector had reviewed the recent reorganization of his

~~SECRET~~

~~SECRET~~

Division which created the Subversive Control Section and it was felt this reorganization would result in a more logical distribution of the work load and closer supervision in both the Internal Security and Subversive Control Sections. The production of the stenographers and typists assigned to the Espionage Section was found to be below average. Although many of these employees were new, this matter should be closely followed to insure increased production. The Havana Office case load had decreased from 102 in January to 84 on 7-31-55. The Director hoped the Inspector's findings would be of assistance to him in the administration of the Domestic Intelligence Division.

By letter dated 9-2-55 he was CENSURED for the inadequate handling by the Internal Security Section of The Domestic Intelligence Division of the Security Matter investigation involving John E. Anderson. The Director was displeased with the unreasonable delay on the part of his subordinates in securing a necessary documentation in this case. Furthermore, after certain substantive errors had been detected personnel under his supervision failed to properly follow this matter in order that explanations for these errors could be obtained, responsibility fixed and appropriate administrative action taken without undue delay.

By letter dated 9-16-55 APPRECIATION was expressed for the excellent record made by the Domestic Intelligence Division in exceeding its quota on the opening day of the 1955-56 FBI Employees Consolidated Charity Drive.

By letter dated 10-3-55 he was advised he was being REMOVED FROM PROBATION.

By letter dated 10-17-55 he was CENSURED for his failure to detect non-substantive errors in ten items of official correspondence reviewed and approved by him during the period May 10 through 10-7-55.

His daily average overtime for October, 1955, 3 hours 34 minutes.

By letter dated 11-23-55 he was CENSURED for the serious delays in the handling by his division of the Security Matter case involving Abraham Lincoln Wirin. Specifically, there was a delay from 9-2-55, until 9-28-55, in ordering the investigation requested by the Department and there were delays in furnishing three separate items of information to the Department. There appeared to be no justification for these delinquencies which indicated that this matter was handled in a most lax and indifferent manner.

By letter dated 11-30-55 the Director CONGRATULATED him on his nineteenth anniversary with the FBI.

His daily average overtime for November, 1955 was 3 hours 52 minutes.

By letter dated 12-2-55 he was COMMEDED and through him to his associates in the Domestic Intelligence Division for the very fine cocktail party given by the Liaison Representatives.

By letter dated 12-13-55 he was COMMEDED for the splendid manner in which he handled the recent alert test.

By letter dated 12-21-55 He was CENSURED for reviewing and approving a memorandum dated 12-12-55, regarding the Communist Party of Cuba without detecting that two figures concerning Communist Party membership and voting strength in Cuba were erroneous as set forth.

His daily average overtime for December, 1955 was 3 hours 1 minute and for January was 3 hours 51 minutes.

By letter dated 2-15-56 he was CENSURED for the failure of his Division to obtain estimated Communist Party membership figures as of 12-31-55, in time for the Director's testimony before a House Appropriations Subcommittee on 2-1-56. There was an apparent lack of interest and concern on his part as to what kind of presentation was made to Congress even though a proper presentation was vital to the Bureau's interests and continued operation.

By letter dated 2-29-56 he was CENSURED in that on a number of occasions since 9-10-55, he had failed to detect nonsubstantive errors in official correspondence which he had reviewed and approved.

His daily average overtime for February, 1956 was 2 hours 49 minutes.

On 3-31-56 Mr. Tolson rated him SATISFACTORY.

His daily average overtime for March, 1956 was 4 hours.

By letter dated 4-6-56 he was COMMEDED for the very fine over-all supervision he gave the investigation involving the Smith Act subjects recently tried in the New Haven Division.

His daily average overtime for April, 1956 was 3 hours 16 minutes; May, 3 hours 28 minutes; and June, 3 hours 12 minutes.

On 7-1-56 he received a Uniform Promotion to \$14,853 per annum in GS-17.

By letter dated 8-31-56 he was COMMENDED for the accomplishments of the Bureau in the Obstruction of Justice case involving Victor Riesel and the Kidnaping case involving Angelo John LaMarca. The capable manner in which he familiarized himself with the various ramifications of these important cases and the facility and effectiveness with which he handled his responsibilities were a tribute to his leadership qualities.

His daily average overtime for August, 1956 was 3 hours 48 minutes.

By letter dated 9-11-56 he was CENSURED for the delay which occurred on 9-7-56, in supplying the Director with answers to certain questions which were asked by a Department of Justice official regarding Jacob K. Javits and it was clear that there was a complete and definite failure on the part of him and his subordinates in the Domestic Intelligence Division to handle this situation satisfactorily.

By letter dated 9-24-56 he was CENSURED for the handling in his Division of the dissemination of information in the Bureau's possession relating to Jacob K. Javits and it was most unsatisfactory in that such dissemination was both incomplete and misleading. In addition there was total failure on the part of him and his subordinates to properly evaluate the weaknesses in the operation of the Special Memoranda Unit and to submit recommendations to correct these shortcomings.

His daily average overtime for September, 1956 was 4 hours 16 minutes.

During an Inspection of the Domestic Intelligence Division in September and October, 1956, Inspector Buys said Mr. Belmont was competently administering his division. While weaknesses were found, conditions were generally favorable. The various functions of the Division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE.....	EXCELLENT
INVESTIGATIVE OPERATIONS.....	VERY GOOD
ADMINISTRATIVE OPERATIONS.....	VERY GOOD
PERSONNEL MATTERS.....	VERY GOOD

By letter dated 10-1-56 he was advised among other things that the operations of his division were found to be in generally favorable condition. The active pending matters in classifications supervised by his division increased 5.26 per cent since the last inspection as compared to Bureau-wide increase of 5.89 per cent during the same period. The active pending matters in the classifications supervised by his division as of 8-31-56, were 7.74 per cent delinquent. Although this showed considerable

~~SECRET~~

~~SECRET~~

improvement over the delinquency of 24.94 per cent at the time of the last inspection, it was still higher than the over-all field delinquency of 6.27 per cent. It was pleasing to note the increase in the number of approved security informants and potential security informants since the last inspection. The results of the inspection should be brought to the attention of the members of his supervisory staff.

By letter dated 10-10-56 APPRECIATION was expressed to him and through him to the personnel of his division for their generous response to the United Givers Fund campaign.

By letter dated 10-19-56 he was CENSURED in connection with efforts being made to eliminate nonsubstantive errors from official correspondence and the Bureau's attention had been called to the number of such errors which had appeared in correspondence that had been reviewed and approved by him in the recent past. He was at fault for failing to detect these errors and to have them corrected.

By letter dated 10-30-56 he was COMMENDED and through him the personnel in his division for the excellent work done in connection with the Security-Espionage Conference recently held at the Seat of Government.

His daily average overtime for October, 1956 was 3 hours.

On 11-30-56 the Director personally presented Mr. Belmont with his Twenty-Year Service Award Key. The Director subsequently attended a reception given at the Raleigh Hotel for Mr. Belmont on the occasion of his 20th anniversary. Mr. Belmont subsequently expressed appreciation to the Director for the above.

By letter dated 12-5-56 APPRECIATION was expressed to Mr. Belmont and the personnel of his division who helped in giving a cocktail party on 12-4-56. The Director was sure this affair would do much toward the promotion of excellent relations with the guests from other agencies who were present.

Under date of 12-20-56 the Director's personal note was sent to Mr. Belmont inasmuch as he was ill 12-19 and 12-20 with a virus infection. He was also ill at his home during the week of December 3 due to a cold or virus infection and the Director's personal note was sent to him on 12-5-56.

His daily average overtime for November, 1956, was 2 hours 56 minutes and for December, 1956, was 3 hours 4 minutes.

His daily average overtime for January, 1957, was 3 hours 28 minutes; February, 3 hours 8 minutes; March, 1957, 3 hours 24 minutes.

By memorandum dated 8-20-57 Mr. Belmont expressed his displeasure with Drew Pearson's Column appearing in the Washington Post-Times Herald on 8-20-57 concerning the Director which he stated was filled with lies, was cunningly written and apparently was so written for Pearson's personal motives. Mr. Belmont prepared a letter to the Washington Post-Times Herald expressing this view if the Director felt the letter would accomplish anything. The Director noted, "I think it is futile but I do appreciate Belmont's attitude. I wish we had more like it. H."

His daily average overtime for September, 1957, was 3 hours 39 minutes and for October, 1957, was 3 hours 45 minutes.

The Director knew his observations added to the quality of the document.

Mr. Belmont believed it was now time to make this available to [redacted] and he felt it should be made available to [redacted] by some high-ranking official of the Bureau since this was a very delicate matter. Mr. Belmont felt it might be desirable for him to go to [redacted] and present the information to him. In a letter to the Director dated 2-7-58 Major General Robert F. Tate, Commandant, Air War College, Montgomery, Alabama, expressed appreciation for Mr. Belmont's appearance before the College on 2-3-58. This was acknowledged on 2-18-58.

By letter dated 9-12-58 he was COMMENDED for his over-all excellent direction of a project of the utmost importance to our Internal Security work.

By letter dated 9-16-58 he was CENSURED and PLACED ON PROBATION as a result of a check made during the course of the inspection of the Domestic Intelligence Division which disclosed a number of Special Agent Supervisors assigned to his division were engaged in improper activities after they had indicated on official attendance registers that they were commencing their official duties. He was familiar with the various activities in which those supervisors were engaged and the situation uncovered by the inspection staff was deplorable. Those men were flagrantly abusing the privileges afforded by the legislation which provided compensation for overtime duty, they were placing the Bureau and themselves in a position of great potential embarrassment and their conduct raised a question as to their honesty and integrity. His palliative attitude as reflected in his comments and recommendations for administrative action was completely unacceptable. Placing him in a probationary status was an interim action and the Director intended to take final action after the completion of the inspection.

His daily average overtime for September, 1958, 3 hours 5 minutes.

By memorandum dated 9-30-58 Mr. Belmont expressed his extreme concern regarding the Director's comments that he was not carrying out the Director's policies and orders, and that his attitude was lacking in proper leadership and helpful implementation of policies set by the Director. On the morning of 9-12-58, when he was advised that the Inspectors had found several supervisors reading newspapers and otherwise not engaged in official work, he called a conference of all supervisors in the Division and expressed his indignation and bitter disappointment that such a condition was found to exist. He stated that on 9-10-58, at the Executives Conference, there had been a discussion as to whether agents reporting early to work were actually working and he thought at that time whether he should alert the personnel of the Division as to a possible check by the Inspectors on that point, but that he had dismissed the thought on the grounds that we had mature men in the Division who understood and abided by the rules, and that those very things had been taken up with the supervisors time and again in the past. He stated he had reviewed the Inspectors writeups and dictated his comments and recommendations, and the recommendations were honestly made on the basis of the facts available to him and his knowledge of the men involved. He further stated that there had been many times during his service under the Director when he had questioned a course of action which was being considered. When that happened he had stated his views concerning the matter, with such facts as would support the views he expressed. He believed that was in keeping with the Director's desire that he be furnished all of the facts available for his

~~SECRET~~

consideration. Once the Director had had the full facts and had arrived at a decision, he had carried out the Director's decisions to the fullest extent and in all good faith. He had not knowingly tried to evade or partially carry out Bureau policy. It was fundamental that the Director must be able to rely on officials of the Bureau to implement and adhere to the policies of the Bureau. For his part, he wanted to assure the Director that that would be done. The Director's comments reflected "Actions speak louder than words."

His daily average overtime for October, 1958, 3 hours 16 minutes.

DURING AN INSPECTION OF THE DOMESTIC INTELLIGENCE DIVISION WHICH STARTED JULY, 1958 and ended OCTOBER, 1958, Inspector H. L. Edwards advised that Mr. Belmont had outstanding technical knowledge; was loyal; dedicated to security field and deserved credit for technical accomplishments. He admitted the inspection disclosed a serious weakness in his failure to show sufficient concern for administrative essentials; now recognized there was no substitute for sound, tight administrative leadership to prevent weaknesses in the working levels and insure maximum efficiency. The various functions of the division were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE	GOOD
INVESTIGATIVE OPERATIONS	VERY GOOD
ADMINISTRATIVE OPERATIONS	UNSATISFACTORY
PERSONNEL MATTERS	UNSATISFACTORY

By letter dated 11-12-58 he was CENSURED and CONTINUED ON PROBATION as a result of the above inspection. The Director considered those ratings far from acceptable and he would be retained on probation until he has proved beyond any doubt that he can give the Division the administrative leadership it has so grievously lacked. The Director was holding him personally accountable for seeing that his Branch Chiefs and Section Chiefs vigorously demonstrate by their actions that they merit being continued in such key managerial positions. The Bureau's work was far too important and essential demands on the Director's own time far too great to warrant putting up with the consequences of weak administration in the key echelons which he and those men represent. He must provide leadership and personal concern to continue stressing maximum streamlining, elimination of nonessentials, maximum conservation of time on the job by all employees to not only completely discharge the Division's responsibilities with personnel at hand but to bring about any additional savings possible. There must not be a recurrence of any failure to promptly detect and evaluate weaknesses in the foreign offices or Legal Attaches. The Director was accepting the inspection finding that Division morale had rebounded from the aftermath of the early morning spot check findings and the resulting unfounded gossip in his

Division. He must repeatedly indoctrinate employees to realize that their conduct as FBI representatives at all times was the concern of the whole FBI.

By letter dated 11-28-58 the Director congratulated him on his Twenty-second Anniversary with the FBI.

His daily average overtime for November, 1958, 4 hours 16 minutes; December, 3 hours 1 minute; January, 1959, 3 hours 34 minutes; February, 2 hours 59 minutes.

During a re-check inspection of the Domestic Intelligence Division in February-March, 1959, Mr. Malone stated that the inspection findings indicated that Mr. Belmont had definitely proven his desire and ability to properly administer the Domestic Intelligence Division. He had an excellent attitude, he had a thorough knowledge of operations of his division and he had personally and conscientiously followed the recommendations of the previous inspection to see that all suggestions were complied with. He had tightened up on the soft spots found in the division, he no longer relied completely on his subordinates to insure efficient administration of the office but maintained proper controls and spot check. It was recommended that he be removed from probation. The various functions of the office were rated as follows:

PHYSICAL CONDITION AND MAINTENANCE ...	VERY GOOD

MEMORANDUM FOR MR. TOLSON

On December 17, 1963, I saw Inspector James R. Malley, together with Assistant to the Director Belmont. Mr. Malley had recently returned from Dallas, Texas, where he had been coordinating the investigation into the assassination of President Kennedy.

I commended Mr. Malley for the work which he had done at Dallas and told him I had now selected him to be the liaison representative between the Bureau and the Presidential Commission looking into the assassination of President Kennedy. I told him I had already advised Mr. Lee Rankin, General Counsel for the Presidential Commission, Mr. Malley was being so designated and would serve as the contact of the Bureau with him, Mr. Rankin. D.C.
NY

I told Mr. Malley that I wanted him to establish the closest and most amicable working relationship with Mr. Rankin. I told him that I had personally known Mr. Rankin quite well since he had served as Solicitor General under Attorneys General Brownell and Rogers.

I also alerted Mr. Malley that there were indications that the Chief Justice, who headed the Presidential Commission, was endeavoring to find fault with the FBI and certain information had been leaked by the Chief Justice to Drew Pearson which was critical of the FBI's functioning in Dallas prior to the assassination. D.C. - Cady

I told Mr. Malley and Mr. Belmont that the Chief Justice has now demanded all of the so-called "raw" reports upon which the FBI report of the assassination was predicated, and in doing so the Chief Justice had characterized the FBI report as being in "skeleton form." I stated the Chief Justice had further added in his statement to the press: "In order to evaluate it we have to see the material on which the report was prepared." I stated that this statement by the Chief Justice I felt was entirely unwarranted and could certainly have been phrased better so as not to leave the impression, at least by innuendo, that the FBI had not done a thorough job. 80

Memorandum for Mr. Tolson

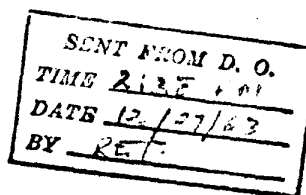

December 26, 1963

I stated that, therefore, I wanted all reports pertaining to the assassination to be transmitted to Mr. Rankin. I stated the first reports which should be sent to him were those from which we drew material included in our report to the President. I stated following that I wanted all reports whether of substantial nature or so-called "nut" reports to be sent to Mr. Rankin. In other words I wanted nothing to be withheld irrespective of what the volume might amount to as I realized it would run into the thousands of reports but, since the Chief Justice had asked for it, we should give it to him.

I stated I wanted Mr. Malley to personally review any material that he transmitted to Mr. Rankin and, after he had reviewed it, for Mr. Belmont to personally review such material. I said this was imperative since Mr. Tolson was now unable to be at the office in view of illness and I would have to count upon Mr. Belmont and Mr. Malley to see that the proper material was sent to Mr. Rankin and that it was thoroughly reviewed before being transmitted by both Mr. Belmont and Mr. Malley.

Very truly yours,

The second phase of the Federal Salary Reform Act of 1962 which became effective 1-5-64 increased the salary in the top step of Grade GS-15 from \$17,925 per annum to \$19,270 per annum. Under the Fringe Benefits Act, premium overtime pay paid any employee in any pay period may not exceed a rate that will cause his total rate of pay (basic plus overtime pay) to exceed that at the top of GS-15. Mr. Belmont has previously not been eligible for premium overtime pay since his annual salary (\$19,000) exceeded the old top step of GS-15. However, since his base salary is now less than the new ceiling of \$19,270 which became effective 1-5-64, it appears he would be eligible to receive premium pay to the extent of the difference, i.e. \$270 per year.

b6

Since Mr. Belmont's base salary is set by Congress under the Federal Executive Pay Act of 1956 and he is not covered under the Classification Act, the Civil Service Commission was informally contacted as to whether he is now eligible for premium pay benefits under the new ceiling. [redacted] Office of General Counsel, Civil Service Commission, informally advised SA W. E. Clark on 1-8-64 that Mr. Belmont would be eligible to receive premium overtime pay to the extent of \$270 per year. [redacted] checked with [redacted] of the General Accounting Office (who has previously been contacted by the Bureau on leave and pay questions) and Mr. Turton was of the same opinion. Both pointed out that should Mr. Belmont's base salary later be raised by Congress to an amount exceeding \$19,270, he would not then be eligible for premium pay and should such increase be made retroactive to 1-1-64, any premium pay he had received since that date would have to be deducted in any pay adjustment made.

Mr. Belmont's overtime has previously been reported each month on the regular monthly overtime reports but he has not previously been certified for premium pay because of former salary limitations. He has been performing the amount and type of overtime necessary to qualify for premium pay.

ALAN H. BELMONT
ASSISTANT TO THE DIRECTOR - INVESTIGATIVE

As Assistant to the Director (Investigative), Mr. Belmont has under his immediate control the General Investigative, Special Investigative, Domestic Intelligence and Laboratory Divisions. In connection therewith, he has discharged his many and varied responsibilities in such an exceptional manner as to merit an Outstanding performance rating for the period April 1, 1963, to March 31, 1964.

Mr. Belmont exhibits all of the splendid attributes imperative for directing the activities of his office. The ever-increasing challenges of the Bureau require an official in his capacity to have the highest possible qualities of leadership, integrity and extremely broad vision. Also, he must be a man dedicated to his job and must have a most comprehensive knowledge and understanding of all the functions of the FBI. Mr. Belmont has clearly demonstrated that he possesses these characteristics. As a foremost authority on internal security and intelligence matters, he has made major contributions to the success the Bureau has realized in these fields. He has been unusually alert to initiate vital planning for programs under his coordination and in keeping the Director and Associate Director currently apprised of all information pertinent to the administration of the Bureau.

He presents a distinguished appearance and has a most pleasant, yet forceful, personality. He has consistently displayed profound judgment and has that uncanny knack of making sound, on-the-spot decisions which are so essential in his position. He has performed every aspect of his work conscientiously and has played a significant role in the achievements of the Bureau in many investigations of national importance. Mr. Belmont's services have been invaluable and definitely warrant the rating of Outstanding.

Dear Mr. Hoover:

I would like to confirm our informal request to Assistant to the Director Alan H. Belmont, that Mr. Belmont give testimony before the Commission, following the testimony of the Special Agents who are scheduled to testify on May 5, 1964.

The Commission would greatly appreciate it if Mr. Belmont could appear at 9:00 A.M. on Wednesday, May 6. In accordance with our discussion with Mr. Belmont, the general purposes of his testimony would be to serve as a basis for admission to the record of the Commission of numerous documents which you have sent to the Commission, to furnish the Commission an understanding of the operations of the FBI with particular regard to the investigation of Lee Harvey Oswald before November 22, 1963, and to discuss liaison arrangements between the FBI and the Secret Service in the area of Presidential protection.

Mr. Samuel A. Stern of the Commission staff has made arrangements through Inspector Malley to give Mr. Belmont further details on the matters the Commission wishes to cover.

Thank you for your assistance in this matter.

Sincerely yours,

J. Lee Rankin

Dear Mr. Hoover:

Now that the President has finally signed the new Federal pay raise bill, I want you to know how much I appreciate the efforts you put forth in my behalf. With the opposition registered in certain quarters, there is no doubt in my mind whatsoever that the position of Assistant to the Director would have fallen by the wayside without your vigorous support.

Thank you so much.

Memorandum

TO : R. TOLSON

DATE: September 30, 1964

FROM : H. GALE

SUBJECT: SHORTCOMINGS IN HANDLING LEE HARVEY OSWALD
MATTER BY FBI PERSONNEL

With regard to Warren Commission report Director noted, "I want this carefully reviewed as pertains to FBI shortcomings by Gale. Chapter 5 tears us to pieces. Also I want memo of what we have done to plug our gaps. I also want to make certain proper disciplinary action has been taken against those responsible for derelictions charged to us."

Memorandum dated December 10, 1963, Mr. Gale to Mr. Tolson, recommended the following administrative action, which was approved, as a result of review of Oswald's file by Inspector which reflected serious shortcomings:

DALLAS

DECLASSIFIED BY 9803 RDD/KSR
ON 5-15-92 RTH/SCA/km

1. James P. Hosty, Jr. (Veteran) - Censure and probation for inadequate investigation including failure to interview Oswald's wife until after assassination, delay reporting failure to put subject on Security Index, and for holding investigation in abeyance after being in receipt of information that subject had been in contact with Embassy, Mexico City.

2. FBI Supervisor Kenneth C. Howe (Nonveteran) - Censure and probation for failure to insure that case more fully investigated and reported, for not placing subject on the Security Index and for concurring in decision to hold investigation in abeyance.

3. James W. Anderton (Veteran) - Censure for failing to have Oswald case reopened after Dallas informed that he subscribed to "The Worker," east coast Communist newspaper, 9/28/62.

4. SAC J. Gordon Shanklin (Nonveteran) - Censure for over-all responsibility in this matter.

SAC Curtis O. Lynum (now in San Francisco) (Nonveteran) - Censure for over-all responsibility in this matter.

NEW YORK

1. Francis I. Lundquist (Veteran) - Censure for failing to promptly disseminate Fair Play for Cuba information to Dallas concerning subject Oswald.

2. Harold A. Hoeg (Veteran) - Censure for failure to insure that Fair Play for Cuba information concerning Oswald more promptly disseminated to Dallas.

Re: Lee Harvey Oswald

NEW ORLEANS

~~SECRET~~

1. Milton Kaack (Nonveteran) - Censure for delayed reporting and failure to put on Security Index. Mr. Kaack is now retired.
2. SAC Harry G. Maynor (Nonveteran) - Censure for failing to insure that there was no delay in reporting this matter and for failing to put subject on the Security Index.

SEAT OF GOVERNMENT

1. Supervisor W. Marvin Gheesling (Veteran) - Censure and probation for failing to instruct the field to conduct background investigation concerning Oswald, upon Oswald's return from Russia; failing to have Oswald's wife interviewed; also for removing stop on Oswald in Ident on 10/9/63; failing to put Oswald on Security Index and for not reopening Bureau file to follow on Dallas after Dallas sent out letter on 3/25/63 to consider interview of Oswald's wife.
2. Supervisor Elbert T. Turner (Nonveteran) - Censure and probation for failing to take action on CIA teletype 10/10/63; failing to completely review file until after assassination; failing to instruct field to press more vigorously after subject made contact with Soviet Embassy, Mexico, and failure to have subject placed on Security Index.
3. Supervisor Lambert L. Anderson (Veteran) - Censure for failing to place Oswald on Security Index, in spite of considerable Fair Play for Cuba Committee activity coupled with previous Soviet defection background.
4. Supervisor Leonard M. Epton (Veteran) - Censure for delay in handling incoming 10/18/63 cablegram from Mexico City and for not putting subject on Security Index.
5. Section Chiefs W. Raymond Wannall, Jr.; William A. Branigan; Inspector Donald E. Moore, and Assistant Director W. C. Sullivan (all Nonveterans) - Censure for overall responsibility in this matter.

The Commission has now set forth in a very damning manner some of the some glaring weaknesses for which we previously disciplined our personnel such as lack of vigorous investigation after we had established that Oswald visited the Soviet Embassy in Mexico. The Commission specifically criticizes Agent Hosty for not making more vigorous efforts to locate and interview Oswald regarding unresolved matters and Inspector feels this criticism certainly is valid. Hosty testified that certain information furnished by New York on Oswald's contact with the Fair Play for Cuba Committee was "stale" when he received it and this statement is set forth in the Commission's report. As indicated above, a New York Agent and Supervisor were censured for this delay. Hosty certainly should not have testified that information from New York was "stale." Hosty testified concerning his failure to conduct investigation from November 5, 1963,

~~SECRET~~

Memo for Mr. Tolson
Re: Lee Harvey Oswald

until after the assassination. Hosty stated that on November 1, 1963, he received a copy of the New Orleans report which reflected that Oswald had given false biographic information and Hosty stated he knew he would eventually have to investigate this and was "quite interested in determining the nature [of his contact with the Soviet Embassy in Mexico City.]" When asked what his next step would have been Hosty replied: (S)(u)

"Well, as I had previously stated, I have between 25 and 40 cases assigned to me at any one time. I had other matters to take care of. I had now established that Lee Oswald was not employed in a sensitive industry. I therefore to wait until New Orleans forwarded the necessary papers to me to show me I now had all the information. It was then my plan to interview Marina Oswald in detail concerning both herself and her husband's background.

"Q. Had you planned any steps beyond that point?

"A. No. I would have to wait until I had talked to Marina to see what I could determine and then there I could make my plans.

"Q. Did you take any action on this case between November 5 and November 22?

"A. No, sir."

When questioned by the Commission concerning why he did not disseminate the information on Oswald to Secret Service Hosty testified he interpreted his instructions as requiring some indication that the President planned to take some action against the safety of the President before making such dissemination. He testified he participated in transmitting two pieces of information to Secret Service pertaining to President's visit. Hosty further stated he did not realize the motorcade would pass the Texas School Book Depository Building. He testified he did not read the newspaper article describing the motorcade route in detail since he was interested only in the fact that the motorcade was coming up main street "where maybe I could watch it and had a chance." Inspector feels that Hosty's testimony as quoted in the Commission report makes the FBI look ridiculous and definitely taints our public image for efficiency. If we had made a proper investigation of Oswald we would not have been so vulnerable.

Memo for Mr. Tolson
Re: Lee Harvey Oswald

In connection with interview of Mrs. Ruth Paine on November 1 and 5, 1963, the Commission indicates that Mrs. Paine advised a Bureau Agent that she did not know Oswald's address. She was not asked nor did she volunteer Oswald's telephone number, which she did know. The Commission intimates that Agent should have asked her specifically re phone number so Oswald's current residence could be located. This interview was conducted by Agent Hosty. Hosty advised he did not ask Mrs. Paine re Oswald's telephone number inasmuch as Mrs. Paine informed Hosty she did not know Oswald's address or how he could be located. Inspector feels Hosty should have been more specific in his interrogation and asked Mrs. Paine if she had Oswald's telephone number.

Hosty also testified that conditions in the Dallas police station at time of detention and interrogation of Oswald were "not too much unlike Grand Central Station at rush hour, maybe like the Yankee Stadium during the World Series games." It is questionable whether Hosty should have described conditions in such an editorializing and flamboyant manner but rather should have indicated conditions were crowded and if asked upon to give an estimate of how many people were located therein, to give said estimate.

The Commission's report reflects that after the assassination a number of boxes which appeared to be used as a gun rest by Oswald in the Texas School Book Depository Building were processed for fingerprints by both the Dallas Police Department and the FBI. Some of Oswald's prints were found thereon, but the Commission noted that "most of the prints were found to have been placed on the carton by an FBI Clerk and a Dallas Police Officer after the carton had been processed with powder by the Dallas police." Special Agent Vincent E. J. Drain advised he instructed Clerk Forest L. Lucy that the cardboard boxes were evidence, had to be processed for fingerprints, and under no circumstances was he to touch them with his bare hands in wrapping same so Special Agent Drain could personally carry them to the Bureau. Lucy denies Drain told him to wear gloves or any covering on his fingers. He is an experienced Clerk and states he is well aware that his hands are not to come in contact with evidence to be examined for fingerprints. Lucy advised he has never previously wrapped original evidence but only evidence packages

Memo for Mr. Tolson
Re: Lee Harvey Oswald

which had been prepared with evidence sticker by Agents. He states instant package did not have any label indicating it was going to the Latent Fingerprint Section and only information he had was that it was to be handcarried to Bureau headquarters. Inspector feels Special Agent Drain culpable for not more closely handling and supervising this matter to insure that the Clerk's fingerprints were not placed on the evidence, particularly in view of the importance of this case.

The Commission report indicates that we did not have a stop on Oswald's passport with the Department of State and did not know Oswald applied for a passport in June, 1963, to travel to Western European countries, Soviet Union, Finland and Poland. This is another specific example of how this case was improperly investigated. The same personnel are responsible for this example as were previously criticized for not using appropriate techniques and making a more vigorous and thorough investigation, to determine with whom Oswald in contact or whether he had intelligence assignment (Retired SA John W. Fain, SA James P. Hosty, Jr., former Dallas Supervisor Kenneth C. Howe, Seat of Government Supervisors W. Marvin Gheesling and Elbert T. Turner). The Bureau by letter to the Commission indicated that the facts did not warrant placing a stop on the passport as our investigation disclosed no evidence that Oswald was acting under the instructions or on behalf of any foreign Government or instrumentality thereof. Inspector feels it was proper at that time to take this "public" position. However, it is felt that with Oswald's background we should have had a stop on his passport, particularly since we did not know definitely whether or not he had any intelligence assignments at that time.

The Commission has criticized the FBI for taking too restrictive a view of its responsibilities in preventive intelligence work and that even though there were no Secret Service criteria which specifically requested the referral of Oswald's case nor was there any requirement to report the names of defectors, there was much material in the hands of the FBI about Oswald, the knowledge of his defection, his arrogance and hostility to the United States, his pro-Castro tendencies, his lies when interrogated by the FBI, his trip to Mexico, and his presence in the school book depository job and its location on the route of the motorcade which should have been enough to induce an alert agency, such as the FBI, to list Oswald as a potential threat to the safety of the President.

OBSERVATIONS:

We previously took administrative action against those responsible for the investigative shortcomings in this case some of which were brought out by the Commission. It is felt that it is appropriate at this time to consider further administrative action against those primarily culpable for the derelictions in this case which have now had the effect of publicly embarrassing the Bureau. It is felt that SA Hosty had the primary investigative responsibility in this case, SA Howe the primary field supervisory responsibility, and Special Agents Turner and Gheesling the primary Bureau supervisory responsibility.

Memo for Mr. Tolson
Re: Lee Harvey Oswald

It is also felt that the information on Oswald should have been disseminated to the Secret Service. Oswald should have been on the Security Index but was not. In this regard it appears that prior to the assassination we were unduly restrictive in not making available the names of Security Index subjects to Secret Service. It is felt that Inspector Joseph A. Sizoo who has over-all charge of the Security Index in the Domestic Intelligence Division, should be censured for not having sufficient imagination and foresight to initiate action to have such material disseminated to Secret Service. It is likewise felt Assistant to the Director Alan H. Belmont should be censured for the same reason as Mr. Sizoo as well as for his over-all responsibility in the entire matter.

In regard to Hosty, the Director said, "I want Hosty's case shown the Civil Service Board since he is a veteran and ascertain whether they will sustain a dismissal since his derelictions have now publicly disgraced the Bureau." The Administrative Division has thoroughly explored this case with its Civil Service Commission (CSC) contact, E. H. Bechtold, head of the Veterans Service Staff. Bechtold feels in all probability we would not be sustained. In his view, Hosty's main offense is his mis-handling of the Oswald investigation, and that this is the only possible basis for a successful adverse action against Hosty. However, Hosty was censured and placed on probation 12/13/63 for his grossly inadequate investigation of the case. Bechtold said to take action against Hosty again for such offense would place Hosty in double jeopardy. He said CSC has always ruled that after administrative action has once been taken, the same offense cannot serve over again as the basis for further action. He considers it very unlikely that the after-acquired bad publicity would persuade CSC to depart from this precedent.

RECOMMENDATIONS:

1. SA James P. Hosty, Jr. (Veteran), Dallas, be censured, placed on probation and suspended for 30 days for his derelictions in this matter. (As noted above, he was censured and put on probation in December, 1963, and removed 3/25/64. He was ordered transferred from Dallas 9/28/64.) If approved, to be handled by the Administrative Division.

2. SA Kenneth C. Howe (Nonveteran), Dallas - Censure, Probation and transfer from his office of preference for failing to insure that case more fully investigated and reported, for not placing subject on the Security Index and for concurring in decision to hold investigation in abeyance. (It will be noted that Howe was removed from supervisory duties on 4/9/64 as a result of his derelictions in the Oswald case.) If approved, to be handled by the Administrative Division.

It will be noted that on 4/8/64 Gheesling was ordered transferred, because of his derelictions in the Oswald case, to Indianapolis, which transfer and prospective demotion from GS-14 to GS-13 were subsequently cancelled in view of the opinion of CSC that the demotion would not be sustained if he appealed. The CSC opinion was based on its "double jeopardy" policy above-mentioned in the Hosty case. It is, therefore, recommended Gheesling's transfer not be accompanied by demotion. 15. No further action is being recommended concerning Special Agents Francis I. Lundquist and Harold A. Hoeg in New York inasmuch as they were previously censured concerning this matter and they were merely disseminating information from a "bag job," where they obtained and photographed approximately 200 pieces of information. Oswald's name had no significance to processing Agent and he processed patently urgent material first. This information obtained by New York on 4/21/63 sent to Dallas 6/27/63 and Hosty did not report same to Bureau until 9/10/63. Hosty previously admitted "possibly" would have been better to have reported earlier. The New York delay did not affect the merits of the investigation.

It is noted that SAs Hosty, Anderton, Gheesling, Anderson, Linton are veterans with more than a year of Bureau service. Accordingly, they should be entitled to 30 days' written notice in the event they should be involuntarily separated, reduced in grade or salary or suspended for more than 30 days. They would also have a right of appeal to the Civil Service Commission for any of these actions.

Enclosures: Attached hereto is memorandum J. H. Gale to Mr. Tolson dated December 10, 1963 re Lee Harvey Oswald reflecting previous inquiry and action taken.

Dear Mr. Belmont:

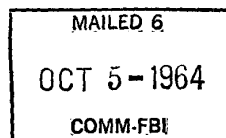

Recent developments have further emphasized the extreme seriousness of the derelictions which occurred in handling the Internal Security case involving Lee Harvey Oswald. I know that you are aware of the numerous and inexcusable failures on the part of Bureau employees to properly carry out their responsibilities in this case with the result that irreparable harm has been inflicted upon the FBI. You share in the over-all responsibility for these shortcomings and I want to be certain that you fully realize the damage that has been done in this instance.

I shall hold you accountable for taking whatever steps are required to insure that the Bureau never again suffers from such a debacle in connection with the fulfillment of its official responsibilities.

Very truly yours,

J. Edgar Hoover

On the afternoon of 3/7/65, violence erupted in Selma, Alabama, when law enforcement officers dispersed a group of approximately 625 persons, practically all of whom were Negroes, who attempted to march from Selma to Montgomery, Alabama, to protest voter registration procedures in Alabama generally and specifically in Dallas County.

The demonstrators were ordered to disperse by Major John Cloud, Chief of the Uniform Division of the Alabama Department of Public Safety, and when they refused they were physically forced back as well as subjected to tear gas. According to victims interviewed as well as eyewitnesses, law enforcement officers, including troopers of the Alabama Highway Patrol and members of the Dallas County Sheriff's Office, clubbed some of the demonstrators with no apparent provocation other than the fact the demonstrators refused to disperse after having been ordered to do so.

Fifty-eight persons were injured and hospitalized as a result of the violence, sixteen of whom were confined with serious injuries while forty-two were treated and released for minor injuries such as lacerations and tear gas inhalation.

Immediate intensive investigation was initiated by the Mobile Office on 3/7/65 to determine if excessive force was used in dispersing the demonstrators.

Memorandum to Mr. Belmont
RE: REGISTRARS OF VOTERS
DALLAS COUNTY, ALABAMA

The following day, 3/8/65, attorneys for the National Association for the Advancement of Colored People (NAACP) with the Department as an "interested party" petitioned the U. S. District Court to issue a temporary restraining order prohibiting Governor Wallace, Alabama Director of Public Safety Al Lingo and Dallas County Sheriff James Clark from interfering with the right to conduct a protest march from Selma to Montgomery, Alabama.

This motion was denied by U. S. District Judge Frank Johnson on 3/9/65, at which time he enjoined the Negroes from attempting to march to Montgomery and set an early hearing on the petition of the NAACP attorneys and the Department for a permanent injunction for Thursday, 3/11/65.

Since the Department had to have the results of our investigation into the violence on 3/7/65 for presentation at the 3/11/65 hearing, it was necessary in view of the time element involved and to avoid any possible criticism from the Department to permit Acting Assistant Attorney General John Doar to review the rough draft notes of Agents who conducted pertinent interviews as well as the longhand signed statements obtained during the investigation.

Due to the continuing demonstrations and related civil rights activities in Selma since 3/7/65, the Agents in Selma have since 3/7/65 been fully engaged in affording such additional activities coverage as well as conducting necessary investigations. Consequently, it had not been possible for them up until today to reduce the results of the investigations conducted concerning the 3/7/65 violence to finished report form. This will be done today, and it is expected the report will be transcribed and mailed to the Bureau late this afternoon. The report will be available for review as soon as it is received at the Bureau.

Mobile has been instructed to submit a daily teletype summarizing the results of their daily investigations relating to each individual matter under investigation.

Dear Mr. Belmont:

The supervision which has been given by you and your subordinates at the Seat of Government to the investigation of the recent Civil Rights disturbances in Selma, Alabama, has been atrocious. There has been a complete failure to properly direct and control this investigation and I have not been kept advised of pertinent developments. There is absolutely no justification for the supervisory failures which have occurred in this matter.

I shall certainly expect you to take immediate action to insure that this investigation is conducted and supervised in a proper manner hereafter and that you make certain that no further reason occurs for me to be required to call your attention to such shortcomings.

ALAN H. BELMONT
ASSISTANT TO THE DIRECTOR - INVESTIGATIVE

As Assistant to the Director, Mr. Belmont has under his direction the Laboratory, General Investigative, Special Investigative, and Domestic Intelligence Divisions. He has performed in such a superior manner for the period April 1, 1964, to March 31, 1965, that a rating of Outstanding is clearly merited.

Mr. Belmont has been delegated the responsibility for coordinating the work of the Bureau in a wide variety of matters of a criminal, civil, applicant, internal security, espionage, technical, and scientific nature. Activities in these fields have continued to increase during the year resulting in even greater burdens being placed on our top-level executive staff. Mr. Belmont has shouldered a major share of these obligations and has displayed unusual talents in every area, meeting new challenges head on and with superior ability. Most adept in devising techniques to be used in complicated situations and investigations, he maintains a continuous review of programs and procedures and keeps the Director and me immediately apprised of developments in important cases, relieving us of as many decisions as possible.

A tireless worker, Mr. Belmont has the capability and imagination to handle all assignments in a superb fashion. He presents a splendid appearance and is extremely effective in his personal contacts. He represents the Bureau in inter-Departmental and inter-Governmental committees and conferences of a policy-making nature with great finesse. He is greatly respected throughout the FBI, sets an inspiring example for his associates, and promotes the highest morale and esprit de corps among our employees.

Mr. Belmont is a sincere, dedicated career employee who has devoted over twenty-five years to furthering the interests of the Bureau and his services have been of inestimable value and definitely warrant this Outstanding performance rating.

DATE: 7-26-65

FROM : C. R. Davidson

SUBJECT: REQUEST FOR EXECUTION OF FORM SHOWING
PERSONAL HISTORY INFORMATION REGARDING
THE DIRECTOR, MR. TOLSON, MR. MOHR AND MR. BELMONT.

On the morning of 7-26-65, Jack Adler, First Assistant in the Administrative Division of the Department, called Inspector E. W. Walsh of your office stating that John Macy, advisor to the President on personnel matters, had requested forms showing personal history-type information be executed on certain officials in the Department including the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont. The form is captioned "Fact Sheet on Non-Presidential-Appointive Policy and Supporting Positions." Form also calls for information on each position. According to the Department, the request was made in a letter from Macy to The Attorney General of 7-22-65 in which Macy stated the President had asked him to make a study on the staffing structure and policy in the Executive Branch including information on the background and qualification of the incumbents. According to the Department, this appears to tie in with the President's general desire to insure that top positions are staffed with the best available talent which has been receiving recent publicity.

A general review of the form shows that it calls only for rather basic information including date appointed to present position, years' Federal service, education (degrees held and major field), principal positions held and intentions as to duration of employment if known. With respect to information on each position, the form calls for such as title, grade and salary, type of appointment, and a brief description of position. Adler initially mentioned that he thought the Department had enough information to execute a form for the Director and that the Bureau need only execute forms for Messrs. Tolson, Mohr and Belmont. Adler was advised that the Bureau felt it more appropriate to execute a form for the Director also, with which Adler agreed.

RECOMMENDATION:

Re: Request for Execution of Form Showing
Personal History Information Regarding
The Director, Mr. Tolson, Mr. Mohr and Mr. Belmont.

Item 15, part II, calls for showing date appointed to present position, for example, 5-10-24 in the Director's case. Then item 23, part II, calls for principal offices held prior to present position. Forms have been executed accordingly.

Item 24, part II, calls for showing intentions as to duration of employment (if known). Instructions forwarded to us by the Department for executing the forms state that item 24 is to be filled in if plans for the near future will result in the positions becoming vacant. Accordingly, this item is not filled in on any of our completed forms. Item 25, part II, calls for signature of submitting official. Instructions state signature is to be by the agency official responsible for the information submitted. Since the information was requested by Macy of the Department and will be forwarded to him by the Department, this is being left blank for signature by the Department.

RECOMMENDATION:

That enclosed proposed letter be approved forwarding to Adler in the Department forms executed in triplicate on the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont.

responsible for making decisions of the highest level involving constant contact with Bureau officials and investigative staff service-wide; for devising policy and techniques to be used in complicated situations; for maintaining a continuous review of investigative procedures and programs; for keeping the Director and Associate Director advised of developments in the most important cases, relieving them of as many matters as possible and generally representing them wherever possible.

For years the FBI has had a comprehensive, competitive, long-range executive development program to provide the FBI with executives. Its primary theme is that every executive must work his way up through the ranks of the FBI. This policy has been found to be both logical and necessary in view of the involved and widespread yet highly centralized coordination of operations of the FBI which constantly require immediate, far-reaching decisions and direction on the basis of experience in the FBI. Accordingly, experience in depth in the FBI from the ground up is required.

My memorandum of 7-26-65 noted that on the morning of that day, Jack Adler, First Assistant in the Administrative Division in the Department, called Inspector E. W. Walsh of your office stating that John Macy, advisor to the President on personnel matters, had requested execution of forms showing personal-history-type information on certain officials in the Department including the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont as well as information on each of their positions. The form is captioned "Fact Sheet on Non-Presidential-Appointive Policy and Supporting Positions." According to the Department, the request was made in a letter from Macy to the Attorney General of 7-22-65 in which Macy stated the President had asked him to make a study on the staffing structure and policy in the Executive Branch including information on the background and qualifications of the incumbents. According to the Department, this appears to tie in with the President's general desire to insure top positions are staffed with the best available talent which has been receiving some publicity. It was approved that we gather information necessary to execute the forms and that the executed forms be sent through for approval before dispatch to the Department.

Enclosed is a proposed letter to Adler in the Department transmitting forms in triplicate, as requested, applicable to the Director, Mr. Tolson, Mr. Mohr and Mr. Belmont. Part I of the form shows position information and part II shows incumbent information (personal history type). It is noted that item 10 of part I calls for a brief description of the duties of each position and also calls for experience and training required. It is believed desirable to make the point here that for years the FBI has had a comprehensive, competitive, long-range executive development program to provide the FBI with executives, its primary theme being that every executive must work his way up through the ranks of the FBI and that this policy has been found to be both logical and necessary. Accordingly, the reports concerning positions occupied by Mr. Tolson, Mr. Mohr and Mr. Belmont contain information on this point. It is not believed appropriate to include such information in the form pertaining to the Director's position since the Director is the incumbent.

This memorandum is to reflect the results of my inquiry to fix responsibility for the destruction of a hotel registration card for Harry Gold dated September 19, 1945, from the Hilton Hotel, Albuquerque, New Mexico. b6

In 1950 Agents of the Albuquerque Office obtained two registration cards for Gold, an admitted Russian Espionage Agent, from the Hilton Hotel, one for June 3, 1945, and the other for September 19, 1945. These cards were obtained as proof of Gold's visits to Albuquerque. The June 3 card was used as evidence in court. However, the September 19 card was not used. The June 3 card was subsequently returned to the Hilton Hotel; however, the September 19 card was retained as an exhibit in the New York Office. On February 11, 1960, the card was destroyed by SA [redacted], who had been assigned to review voluminous exhibits in the case for appropriate disposition. The New York Office was instructed to submit explanations of responsible personnel and recommendations for administrative action. In his explanation, which is attached, SA [redacted] advised that he had been assigned to review the numerous exhibits in connection with this case to determine which could be disposed of and which should be retained.

This project was under the supervision of [redacted] supervisor of Section 33 of the Espionage Division in the New York Office. [redacted] advised he selected [redacted] because of his extensive knowledge of the case and because of his careful and thorough work. b6

[redacted] advises he conducted a detailed study of the exhibits which involved consultations with the U.S. Attorney, inquiries of the Bureau concerning various items, and daily conferences with the supervisor. Concerning the card in question [redacted] states in his opinion the September 19 card did not have evidentiary value because the visit of Harry Gold to Albuquerque during September, 1945, was not in issue and was not contested. He advises that because the card was so old he knew it would be destroyed by the Hilton Hotel and, therefore, no purpose would be served by returning it.

The Domestic Intelligence Division was requested to obtain an explanation from the supervisor responsible. This phase of the matter was handled in the Domestic Intelligence Division by Section Chief William A. Branigan. His memorandum

Memo for Mr. Tolson
Re: Morton Sobell

of explanation is attached. Briefly, Branigan describes various steps which he took in attempting to locate the June 3 and September 19 cards. He points out there was considerable urgency because we had been requested to produce both cards by attorneys for subject Sobell. Branigan states that he did not initiate any steps to fix responsibility for the destruction of the September 19 card in the New York Office because he did not feel the question of a delinquency was in issue at that time.

OBSERVATIONS:

Our regulations distinguish between property which is obtained as evidence or potential evidence and other property which is obtained during the course of an investigation but determined to have no potential for evidentiary value. Manual of Rules and Regulations, Part II, Section 8, Subsection E, page 19, provides that "Property which has been acquired and which may be needed as evidence but is not introduced as evidence in court is to be retained until the case is concluded. In the absence of any information indicating further activity concerning the case in the courts, the USA should be requested to petition the court for court order directing disposition of the property." The instruction further provides that if the court would not issue an order disposition should be on the recommendation of the U.S. Attorney.

b6

[] advises he is very familiar with this rule and points out that he was guided by it in connection with his consideration of other exhibits in the file. With regard to the September 19 card he felt it would be governed by Manual instruction on page 20 of the above citation, which provides "Property which has been acquired and which will not be needed as evidence must be returned to the owner as soon as possible." [] admits, however, that even though he felt this section of the Manual applicable, he did not comply with it by his destruction of the card rather than returning it to the Hilton Hotel. Under any circumstances the continuing ^{importance} of this case, the recurring publicity and interest should have clearly indicated sufficient reason for inquiry of the Bureau prior to taking action with regard to this card.

b6

[] made a serious error in judgment when he decided the September 19 card had no evidentiary potential. Furthermore, he did not follow the instruction for disposing of nonevidentiary property. Had he done so, there would be no current potential for embarrassment to the Bureau. The Assistant Director of the New York Office recommends that [] be censured for exercising poor judgment in this instance. It does not appear that there was any weakness in supervision in the New York Office concerning the 1960 review of bulky exhibits. Supervisor Brandt advises that he consulted with [] frequently concerning various exhibits.

Memo for Mr. Tolson
Re: Morton Sobell

b6

Consultations were had with the U.S. Attorney and various items were discussed with the Bureau. Brandt advises [] did not discuss the question of the September 19 card with him. Brandt selected [] for this assignment because of his experience and excellent record and had every reason to rely on him to handle detail.

With regard to Section Chief Branigan he should have recognized that the New York Office had improperly disposed of the card and should have immediately requested explanations and recommendations.

b6

RECOMMENDATIONS:

1. That SA [] be censured and placed on probation. If approved, to be handled by the Administrative Division.

I should be censured also as I saw the memo & did not recommend administrative action. Both Branigan & I were engrossed in figuring out how to reply to the letter from the City.

Dear Mr. Belmont:

I have reviewed the results of an inquiry into the handling by the Domestic Intelligence Division of the matter involving the destruction of a hotel registration card indicating the presence of Harry Gold at the Hilton Hotel in Albuquerque, New Mexico, on September 19, 1945. Although the destruction of this card was absolutely wrong and may result in great embarrassment to the Bureau, no action was taken by the Domestic Intelligence Division to fix responsibility for the delinquency. You reviewed the memorandum which was submitted in this matter and also failed to recognize the serious dereliction and to take appropriate action concerning it.

You were clearly at fault in this instance and I shall expect you and your subordinates to make certain that there is no repetition of this failure in the future.

Very truly yours,

MEMORANDUM FOR MR. TOLSON

Today Mr. Alan H. Belmont asked to see me and stated that he would like to make a request for retirement to take effect at the end of December. Mr. Belmont stated that the reason for this was because he felt he should spend more time with his wife and two children and that he had recently been offered the position of Assistant of the Hoover Foundation at Stanford University, Palo Alto, California. He stated while he would not receive as much salary as he is receiving at the present time, with the 3.1% which has been granted by Congress for those who retire before the end of this calendar year, he would be able to be with his family more often and to do some traveling which has been the desire of his wife and himself.

I told Mr. Belmont I, of course, was surprised at the action which he was taking and regretted that it was necessary for him to retire, although I could understand the reasons why he desired to do so.

I told Mr. Belmont that he should send through a letter requesting retirement and I would approve it.

I also told him that it would be difficult to fill his place in view of his long years of service and dedicated effort.

Very truly yours,

As result of Mr. Belmont's annual physical examination 11-15-65 at the Bethesda Naval Hospital, the examiner recommended that Mr. Belmont return to the dermatology clinic 11-18-65 for evaluation of suspicious skin lesions on the back. Certain lesions in that area were removed about a year ago and were found to have been malignant. Mr. Belmont returned to the clinic 11-18-65 and skin lesions were removed. The removal procedure was such that no biopsy was taken. The doctor asked Mr. Belmont to come back in about one month for a follow-up evaluation. Accordingly, an appointment has been made for Mr. Belmont at the clinic during the morning of Tuesday, 12-14-65. Mr. Belmont has been advised.

RETIREMENT INFORMATION

Name: **Mr. Alan H. Belmont**Date: **December 1, 1965**

APPLICATION

- ☐ The "Application for Retirement" will be forwarded by the Bureau to the Civil Service Commission (CSC) for approval.
- ☒ The enclosed "Application for Retirement" should be executed (or changed as indicated below) and promptly returned to the Bureau for forwarding to the Civil Service Commission (CSC) for approval. The information sheet attached to the application is for your records and you should detach it before sending in the application.

DEPOSIT OR REDEPOSIT

Making either a deposit or redeposit is optional. Such amounts are paid directly by you to CSC; therefore, it is possible that you have already made the deposit or redeposit indicated below without the Bureau's knowledge, having dealt directly with CSC. If so, you may ignore this matter now. If not, after a review of the approximate annuity figures shown below, should you decide to make a deposit or redeposit, you should request Bureau to forward Standard Form 2803 to you. This form should be returned to the Bureau.

- ☒ Not applicable
- ☐ The deposit you may owe is a payment to the retirement fund to cover a period of service during which no retirement deductions were withheld from salary. Credit is given for service not covered by deductions; however, if the deposit is not paid, your annuity will be reduced each year by 10% of the amount due as deposit. The amount you may owe is approximately \$ _____.
- ☐ The redeposit you may owe is a payment to the retirement fund to cover a period of service for which retirement deductions were withheld from your salary but later refunded to you following your separation from civilian employment. No credit is allowed in the computation of annuity for the period of service covered by the refund unless redeposit is made. The amount you may owe is approximately \$ _____.

ANNUITY

Annuities are computed on full months of service. The estimated annuity below is based on your ☒ Bureau service, ☐ other civilian Government service and/or ☐ military service known to us, totalling 29 years, 1 month and 1 day. CSC makes the official computations and determines whether prior service is creditable, advising you direct the exact amount of your annuity. The figures below are only estimates, and they do not take account of deduction for health insurance coverage. You should receive the first annuity check about two months after separating from the Bureau's rolls.

TYPES OF ANNUITY

plus annuity for each eligible child.

SEPARATION FROM ROLLS

It is satisfactory to cease active duty on 12/30/65, and the annuity will commence 12/31/65

- ☒ immediately following the cease-active-duty date.
- ☐ immediately following the expiration of current accrued annual leave on _____ earned through _____

Item 4 under B, Date of Final Separation, on the retirement application, should show separation date from the Bureau to be at close of business 12/30/65 and ☒ should be placed on the date of separation from the Bureau to be at close of business 12/30/65.

- ☐ If retirement is for disability, separation takes effect after the approval of CSC is received by the Bureau or after the expiration of accrued sick leave, whichever occurs later. Under Internal Revenue Service regulations, some sick pay and disability income is not taxable; thus, you may be able to exclude from Federal income tax liability all or a part of the payments you receive for sick leave used and for annuity received as a disability annuitant. Any such exemption would terminate when you reach normal retirement age. Questions you may have as an annuitant regarding your income tax liability or privileges can be answered by the Internal Revenue Service.

- ☒ You will receive a lump-sum payment for your accumulated annual leave in the approximate amount of \$ 7725.

FEDERAL EMPLOYEES' GROUP LIFE INSURANCE ACT

- ☐ Records show you executed Standard Form 53, "Waiver of Life Insurance Coverage."
- ☒ Your coverage is in the amount of \$ **20,000**. You may continue this group insurance coverage at no premium cost following retirement or convert the insurance to an individual life insurance policy without medical examination. If converted, the double indemnity and dismemberment protection stops, and you will pay the usual premium charged by the company for a person of your age and class of risk. If you elect to keep the group insurance, the \$ **20,000** protection continues until you are age 65. At that time this amount begins to reduce at the rate of 2% per month until you are about 68 years and 2 months of age. If you are now 65 or over, the same reduction process occurs, the maximum reduction being reached in three years and two months. Coverage in the reduced amount (25% of face value) continues at no cost as long as you remain a retired annuitant. If you wish to convert the group life coverage, the Bureau should be advised immediately. Otherwise, the original of Standard Form 56, Agency Certification of Insurance Status, will be forwarded to CSC and a copy will be forwarded to you by the Bureau at a later date.

DESIGNATION OF BENEFICIARY, STANDARD FORM 54, FEDERAL EMPLOYEES' GROUP LIFE INSURANCE ACT OF 1954

Designation filed:

- ☒ No, but not necessary as beneficiary will be in order of precedence used by United States Government, i.e., (1) widow or widower, (2) children, (3) parents, etc.
- ☐ Yes; beneficiary designated as _____
This designation is being forwarded to CSC and it will remain valid unless changed or canceled. Contact CSC for any change desired following retirement.

FEDERAL EMPLOYEES HEALTH BENEFITS ACT OF 1959

- ☐ Records show you elected not to enroll
- ☒ Records show you enrolled in the following plan:
- ☐ Government-wide Service Benefit Plan (Blue Cross - Blue Shield)
 - ☐ Government-wide Indemnity Benefit Plan (Aetna Life Insurance Company)
 - ☐ Comprehensive Medical Plan
 - ☒ Special Agents Mutual Benefit Association (SAMBA)

Note: The life insurance you have under this plan will continue in force for 6 months following your last semiannual premium payment. If you desire to continue the protection beyond that time, you may do so without a physical examination. You may elect to continue up to age 70 at group rates half of the total amount of your SAMBA life insurance and you can, if you wish, convert to a regular policy up to 50 per cent of the original total; at age 70, you may convert the remaining 50 per cent. Your desires in respect to your SAMBA life insurance at retirement should be communicated in writing to SAMBA, 1720 Massachusetts Avenue, Northwest, Washington, D. C. 20036. If you have Dependents Group Life Insurance, this will continue until the next semiannual premium is due (1/10 or 7/10), with a 31-day grace period. You may convert the insurance on your spouse to an individual policy with The Prudential Insurance Company of America without a medical examination. The premium will be the same as if your spouse applied for an individual policy at that time. You may make the necessary conversion arrangements through the nearest Prudential Office.

Unless you cancel your present enrollment, you will remain under your health benefits plan after retirement, and your enrollment will be transferred to CSC. The cost of your share of the plan will be deducted from your annuity by CSC.

Enrollment of an employee who dies while he is enrolled "for self and family" continues for his family if at least one family member is entitled to an annuity as the survivor. If the survivor annuitant is the only eligible family member, the retirement system will automatically change the enrollment to "self."

The original of Standard Form 2810, "Notice of Change in Enrollment Status," will be forwarded to you by the Bureau at a later date.

SPECIAL ACCIDENT AND TRAVEL INSURANCE (SATI)

If you are a member of SATI, after your retirement you may continue but not increase coverage up to a maximum of \$25,000.00 at the rate of \$2.25 per thousand. If you have coverage on your wife and children, it will continue only until the next premium is due, and cannot be renewed. Further information on SATI can be secured by writing Parker and Co. of D. C., Inc., 1001 Connecticut Avenue, N. W., Washington, D. C. 20036.

ENCLOSURES

- ☒ Standard Form 2801, "Application for Retirement."
- ☒ Standard Form 8, "Notice to Federal Employee About Unemployment Compensation."
- ☒ Pamphlet, "Your Retirement System."
- ☐ Standard Form 2801-B, "Physician's Statement," for disability retirement.

Dear Mr. Hoover:

As a matter of information, on March 21, 1966, I received a telephone call from [redacted] of Rand Corporation in Santa Monica, California. He said that Rand is doing a study in the field of internal security on various types of clandestine attack under contract, I understood, with the Air Force and the Department of Defense. [redacted] said that Rand has clearance from the Interdepartmental Conference on Internal Security for material dealing with this subject matter, and that he had been referred to me as a person knowledgeable in this field.

I told [redacted] that any information I had came as a result of my association with the FBI and resultant activity with the Interdepartmental Intelligence Conference. Consequently, I considered this privileged information acquired only because of my Bureau employment and I referred him to the FBI for any such information.

I thought you would be interested in this from two standpoints: First, that there is such a study being conducted for the Government on the question of clandestine attack, which subject matter has been of interest to the Bureau; second, that as in this instance it will be my policy to refer to the Bureau any inquiries for information which I acquired in connection with my association with the FBI.

REC-145

I do hope that this letter finds you in good health and that, as usual, you have the many problems facing the Bureau under your personal firm control.

Sincerely,

Al Belmont

Dear Belmont:

I received your letter of April 1st and want to thank you for your kind wishes for my health and for my daily handling of problems confronting the Bureau.

I knew you would keep the best interests of the FBI in mind in connection with internal security matters and, in this regard, your position and intention regarding [redacted] the Rand Corporation and future matters coming to your attention are certainly appreciated.

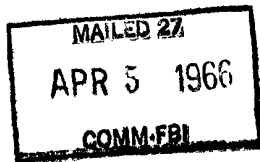

I trust this note finds you in good health and enjoying your new endeavors.

With kind regards,

Sincerely,

J. Edgar Hoover

ROBERT F. KENNEDY
DENIAL OF KNOWLEDGE REGARDING
USAGE OF MICROPHONES BY THE FBI;
CALL FROM FORMER ASSISTANT TO THE
DIRECTOR ALAN H. BELMONT, 12/12/66

For record purposes, I called former Assistant to the Director Alan H. Belmont who is now living in Mountain View, California, on 12/12/66 and told him of the Director's press release 12/11/66 and two memoranda dated July 7, 1961, and August 17, 1961, released to the public. I said the Director had wanted me to advise him of this fact inasmuch as his name clearly appears on these memoranda as being submitted by Courtney A. Evans to him, Belmont.

Mr. Belmont indicated his appreciation of this knowledge and stated that if he received any press inquiries he would simply state, "By virtue of my former position I am aware of the facts involved and, in my opinion, former Attorney General Kennedy obviously knew and approved of the usage of microphones by the FBI."

I told Belmont that this statement would be satisfactory, however, I would recommend that he not make further statements before clearing with the Bureau. I stated that he should also advise us in the event inquiries were received by him. He stated he would gladly do this.

J. Edgar Hoover, Director

Washington, D. C.

Dear Mr. Hoover:

Thank you for your note remembering my birthday although, frankly, I am getting to the point I would just as soon forget them.

I have clipped and enclosed some items from the San Francisco Chronicle regarding the proposed consular treaty with the USSR. This is not a friendly paper and does not stick to the facts.

One thing emerges from the wide publicity on this consular treaty issue. Once again the Administration, Congress and the Press have failed to browbeat you into submission. I am amused that Pearson and others have had to fall back on the old cliché about the "top policeman" setting foreign policy. I think this argument is self-defeating because most people are inherently distrustful of government and think, "Thank God there is someone in Washington who speaks his piece and stands his ground". In effect, this has the curious result of making the average citizen feel that you are on his side in opposing the steam-roller tactics of big government.

The Consular Treaty

PRESIDENT JOHNSON opened yesterday's press conference with expressions of hope that the Senate will ratify the U.S.-Soviet consular treaty. The treaty, he said, is needed to protect some 18,000 Americans who visit the Soviet Union each year and would not aggravate any problems of Soviet espionage in this country, as alleged by treaty opponents but now discounted by J. Edgar Hoover.

Though the President confined his appeal for ratification to the immediate effects of the treaty, it has a capacity for indirect influence far beyond any consulate that it may establish in either country. It would represent one more "bridge to the East" in the current efforts to improve U.S.-Soviet relations. It would also strongly suggest that the United States is changing its fearful, distrustful attitude toward the Soviet Union and, as strongly advocated by testimony of distinguished scholars before the Foreign Relations committee, would show that it is willing to deal with Communist nations as nations.

At a time when Red China is in convulsions and the Soviet Union has become Hanoi's mainstay and is talking about promoting peace negotiations, the importance of such a demonstration is immeasurable.

Merry-Go-Round

Top U.S. Policeman Sets Foreign Policy

Drew Pearson

Today's column is by Drew Pearson and Jack Anderson

THERE WAS AN important closed-door debate inside the Senate Foreign Relations Committee on whether to summon J. Edgar Hoover to testify regarding his fears that the Soviet-American consular treaty would increase espionage in the United States.

Hoover had written a letter to secretary of State Dean Rusk, which had the effect of withdrawing his objections to the treaty. But almost simultaneously he wrote a letter to his close friend, Senator Karl Mundt, (Rep-S.D.), listing many cases of Soviet espionage. This letter had the effect of knocking the props out from under the first letter and from under the treaty.

Senate members of the Foreign Relations Committee, therefore, wanted to ascertain which letter represented Hoover's real view.

★ ★ ★

SOME OF THE Senators were also concerned about the fact that American foreign policy was being set by the top policeman of the United States.

Many senators have been critical of the fact that foreign dictatorships have had their policies set by the secret police, not only in Nazi Germany, but more recently in Latin American governments.

Yet the United States was permitting the head of the FBI to knock down one of the most important foundation stones of President Johnson's new policy of easing tensions with European Communist nations.

The President has argued that if the world's two chief atomic powers — the U.S.A. and the USSR — can get along together, there will be no World War III.

Yet the consular treaty, which the United States took the initiative in negotiating with Russia, has been stymied for two years because of J. Edgar Hoover's objection.

When Chairman J. William Fulbright, (Dem-Ark.), wrote Hoover recently asking him to testify before the Senate Foreign Relations Committee in order to thereby straighten out his views, the FBI chief wrote back that his appearance was up to acting Attorney General Ramsey Clark. Fulbright therefore proposed, in a closed-door session, that he be authorized to write Clark and ask him to send Hoover before the Senate Committee to testify. One senator, Frank Lausche, (Dem-Ohio), seemed reluctant to have Hoover put on the spot at all, but finally went along with the proposed letter.

★ ★ ★

SENATOR TEDDY KENNEDY, younger brother of the late President, has started wooing southern leaders very much as Jack Kennedy did before he got the presidential nomination. Last week the young senator from Massachusetts paid his respects to Governor John J. McKeithen when the Louisiana governor arrived in Washington for the Mardi Gras Ball.

The meeting was cordial but not without some sage advice:

"You and your brother ought to get behind the president and give him some help," said Governor McKeithen. "Right now, thanks to this war in Vietnam, he needs it. But when this war is over, he won't need you any more than he needs a third leg."

Senator Kennedy listened, but made no comment. At least he did not disagree.

Dear Mr. Belmont:

For a book I am writing on the Department of Justice under Attorney General Robert F. Kennedy, I would very much value the benefit of your impressions, recollections and observations.

I am particularly interested in the relationship between the Federal Bureau of Investigation and the Department during these years: how it varied (if at all) from what went before, what were the strengths and weaknesses of this relationship, how much of it was a function of the personalities of the men at the top, and how much was a result of the nature of the institutions themselves. I spoke with Senator Kennedy about this before his death and have interviewed a variety of people both within and outside of the Department, including Nick Katzenbach, Courtney Evans and Quinn Tamm, but as yet have had no success in seeing the Director himself.

Would it be possible for me to interview you either in California, Washington or New York? If so, I will give you a call and see if we can arrange a time and place to suit your convenience.

By way of background I might mention that I am a graduate of the Yale Law School, I write for a variety of publications including The Saturday Evening Post, The New York Times Magazine, The Atlantic Monthly, etc., and my book is scheduled to be published by World/New American Library.

Thank you in advance for any assistance you can provide. I look forward to hearing from you.

Yours cordially,

Victor S. Navasky

Dear Sir:

For many years now I have read and listened to criticism of J. Edgar Hoover but have brushed it off as the sort of thing to be expected by any man who holds a high public office. Mr. Hoover's position was secure in his knowledge that the results achieved by the organization he headed spoke for themselves and he needed to pay little attention to the distant baying of hounds.

Now, however, I sense a different atmosphere in which Mr. Hoover's enemies have allied themselves with the implacable passage of time and feel that at last they have brought the stag to bay, surrounded by a pack of wolves (none of which has the strength, intelligence, or guts to successfully bring him down alone).

The time has come when I feel impelled to contribute my views as a free and independent man who was associated with the FBI and accordingly with Mr. Hoover for twenty-nine years, from 1936 - 1965. Thus, I viewed the FBI from within, both as a field agent and as a seat-of-government official for twenty-nine years and I have watched it from the outside for the past five years plus.

I am fed up with the two-bit politicians who bravely announce to one and sundry that they would fire J. Edgar Hoover if they could; who play the age old game of grabbing the spotlight by attacking someone far greater than they are, all the time mouthing insincere phrases about their duty to the public.

I am tired of the slanted television programs seeking to attract attention at any cost. For example, on CBS I saw and heard an interview with Alvin Karpis, convicted criminal of yesteryear, conducted in such a manner that his story of his capture by the FBI carried weight to discount the official FBI report of years ago. I have no doubt "Old Creepy," as Karpis was known to his associates, felt quite flattered and the casual viewer wondered and agreed with the interviewer that Karpis did not look like a "public enemy No. 1," but did the viewer know the true character of Karpis? Were sufficient facts brought out so that the viewer could evaluate his statements?

Our syndicated columnists. How brave they are! They hold forth with their armchair views that J. Edgar Hoover is too old for his job -- sure he has done a good job in the past, but now the time has come for him to step aside! What about the job he is doing now? That's what he gets paid for. The facts are that no one has come along yet who can do the job as he is doing it.

And, finally, I am sick of these gutless ex-agents who quit or are thrown out of the FBI and then attack the Director, spewing forth their hatred and petty meanness in the form of so-called "inside information" obtained during their tenure with the Bureau. I know personally that many of these stories are fictitious while many others are as distorted as the eye and mind of the teller. Most of these ex-FBI employees simply did not have the moral fiber to stand up under the demanding and exacting duties of the FBI and the discipline which was a major factor in achieving results by the FBI.

And now I read where Senator McGovern has an alleged letter from ten FBI agents who do not wish to be identified. I seriously doubt that FBI agents wrote such a letter. The men I worked with would not stoop to this action. If there are agents who claim such anonymity, I am sorry for them because they have lost the vision of the accomplishments possible through the highly disciplined efforts of the Hoover-run FBI dedicated to the public welfare.

So, here is one ex-agent who says get yourself some other subject to mutilate. Leave alone a man and organization that has served the country well and is today carrying on in the fine tradition of work with integrity. When I was in the FBI and had a gripe, I took it up then and there and got a fair hearing. I have no use for the petty soul who seeks satisfaction and monetary return for a sorry recital of fancied gripes after he leaves, nor for the social misfit, be he politician or writer, who seeks to tear down a productive and worthwhile man for his own glorification.

I certainly appreciate your support of the FBI in the face of the unwarranted criticism leveled by self-seeking politicians and jackals of journalism. It definitely means a great deal to me to know that you have done this and to know of your continued loyalty to the fine principles which have made the FBI great.

M. J. Jones

Al Belmont, former Assistant to the Director, just called me. He said he has been given an invitation to appear on a television program called "The Advocate." The producer is Austin Vohst. This man called Al Belmont from Boston.

The subject matter will be the FBI and J. Edgar Hoover. It will be taped in California this week. It is a panel-type show where different individuals take different sides on the subjects selected. They call people as witnesses, state opinions, cross examine, et cetera.

Al Belmont said that if he can help out the Bureau, he would be perfectly willing to accept the invitation and appear on the show. He said he has no personal interest himself and does not want to do anything without hearing from the Bureau. He said he would like to be advised whether or not the Bureau wants him to accept. Belmont explained that time was of the essence because he has to give a reply this afternoon.

Personally, I think it is a good idea to have Belmont appear. We can be sure of Belmont and he will defend us ably. If some other person appears, we might not have this guarantee.

Al Belmont just called and said he had received a telephone call from [] described himself as being an assistant to Jack Anderson of the "Washington Merry-Go-Round." He told Belmont he used to be with the "Washington Post" and had been covering FBI activities for about 12 years. He said he is putting together a story regarding Mr. Hoover's literary efforts and where the money went with regard to the sale of his books. He said "Newsweek" has a story that Mr. Stukenbroeker wrote "Masters of Deceit," but that Stukenbroeker would not comment about it. He asked Belmont if he recalled who participated in the research on "Masters of Deceit" and also on the book "Problems of Communism" (the correct title is "A Study of Communism").

Belmont advised [] that he handled investigative matters when he was in the Bureau and had no knowledge on the matter in which [] was interested. Belmont asked Whitten why he didn't make inquiry of the Bureau itself. [] replied that he was trying to get background for his homework before calling the Bureau. Belmont then went into a defense of the Bureau. [] asked who was in charge of administration and Belmont told him Mr. John Mohr.

Belmont said [] was quite affable throughout, apparently thinking that he could get Belmont to comment, but in this Mr. Belmont said he failed.

Mr. Belmont called me and stated he had just returned home after witnessing the taping of the TV program, "The Advocates," in Los Angeles.

He said it was his feeling that the program went all right, that it was in bounds and that the FBI and the Director came out ahead.

The anti-Director and FBI witnesses were a [redacted] of the University of Michigan. Belmont did not know his first name. The basis of his testimony was that any individual who stays too long in office contradicts the best features of a democracy.

The next witness was [redacted] the former Special Agent. Belmont described [redacted] as appealing as a witness, he is clean-cut, he is cool in handling himself; however, he looked bad on cross examination when he was questioned about being fired from the FBI for disloyalty and insubordination and appealing his case for reinstatement to the Supreme Court and losing it.

The third anti-Director and Bureau witness was Jack Anderson. Anderson was the most effective of the anti-Bureau witnesses and Belmont described him as a vicious s. o. b. On cross examination he was made to look bad when it was pointed out he did not know what he was talking about concerning the Director's books. In spite of the cross examination he maintained his column was correct but he was left in a very weakened position. He was also confronted with the fact that he had participated in installing a bug in the Goldfine case. This information on cross examination really shook him. However, he maintained he had accompanied an investigator for the Congressional Committee investigating the Goldfine matter and that he would listen in on any bugs, including those of J. Edgar Hoover. The main thrust of his charges had to do with leaking information to individuals favorable to the Director, such

as Congressmen, Senators and newspaper people. He also charged that the Bureau investigated matters that did not rightfully belong under our jurisdiction, such as investigating King's sex life and then leaking the information to various individuals. He said as a matter of fact he had read a copy of the leaked report on King's sex activities. Belmont emphasized, however, that on cross examination Anderson was really shook and he did not look good.

Belmont felt that the weakest part of the Bureau's program was the narration by Zimbalist of an old-time movie going back into the heyday of the 1930's and the World War II sabotage matter and the landing of the German saboteurs. He said this film was too dated and did not accurately reflect current outstanding achievements of the FBI. As a witness Zimbalist made it clear that he was a layman and not a part of the FBI structure and on cross examination it was apparent that he was not familiar with FBI policy and procedures and at times had to stumble in answer to questions. Belmont considered this the weakest part of the program; however, he said that Zimbalist as an individual is outstanding and there is no question in anybody's mind how he stands with respect to the Director and the FBI.

Lawrence J.
The next witness for the FBI was Congressman Hogan, who Belmont said did an excellent job. Only Hogan's voice was heard since Hogan was in Washington, D. C. but Belmont regarded Hogan's presentation as being excellent.

The next witness was former Inspector Edward P. Morgan. Belmont explained that Morgan was selected over himself and former Special Agent McGaughey because Morgan was regarded in legal fields as a liberal lawyer who is very interested in the field of civil rights. The producer thought that Morgan with this background would be extremely helpful in presenting the Bureau's case.

Incidentally, Belmont did advise me that he shaved off his mustache and trimmed his sideburns before appearing in Los Angeles. He said he was getting tired of the mustache anyway.

Belmont described Morgan as good and as a most telling witness. He said Morgan started right out by making his position clear that the Director was the greatest civil rights advocate in this country today. He emphasized again that Morgan did a good job, that he was the strongest of witnesses and

(CONTINUED - OVER)

he was terrific on cross examination. He said on cross examination he made the Advocate look bad by taking the action away from him and posing questions to the Advocate.

In balance, Belmont said the Bureau and the Director would come out ahead. He said the program will be shown on TV and the audience will be asked to vote and the results of the voting would be announced the following week on the program. It was his strong feeling that any voting by a legitimate audience would be very favorable to the Director and the FBI.

He said the program was scheduled for broadcasting on TV on the Coast on Tuesday, May 25. He said a short time thereafter it would probably be shown on the East Coast.

In summary, he advised that it was his feeling that the program was well done, that it was kept in balance and it was his feeling that the Bureau came out way ahead. He said he was very glad and happy to have been present during the filming of this program and hoped he was able to be of some assistance. He said he spent a great deal of time with Ed Morgan in briefing Morgan on current and up-to-date information.

I told Belmont that we were all very grateful for his assistance in connection with this program.

Prior memoranda have indicated that this program, a regular feature of the National Educational Television Network, was going to address itself to the question of whether the Director should be replaced as head of the FBI. The program was taped earlier this month and appeared on local television (Channel 26) last night at 9:00 p.m. It was monitored by personnel of the Crime Research Section. The purpose of this memorandum is to recommend that appropriate letters of appreciation be sent to individuals who were of assistance to the Bureau in connection with this program.

A comprehensive memorandum outlining the testimony and cross-examination presented on this program last night is now being prepared. In general, those individuals appearing for the FBI did a good job and were successful in sustaining the Bureau's point of view, and it is felt that we definitely came^{out}/ahead in this program. The other side's "attack" raised all the old tired, unfounded allegations which have been made so many times before. The opponents' case was uncoordinated and, as a result, largely ineffective.

Alan H. Belmont - Mr. Belmont, who is a former Assistant to the Director and with whom we have had cordial relations since his resignation from the Bureau, was considered for an appearance on the program but was passed over in favor of someone else. Nevertheless, Mr. Belmont took a great interest in the program and certainly went out of his way to insure that the Bureau would receive good representation. He spent a great deal of time with another participant who had been out of the Bureau for a number of years, Edward P. Morgan. He briefed Morgan and brought him up-to-date on current Bureau policy. Mr. Belmont kept us informed concerning developments and was present at the actual taping of the program earlier this month.

M. A. Jones to Bishop Memo
RE: "THE ADVOCATES"

Honorable Lawrence J. Hogan - Congressman Hogan is a former Bureau Agent who is on the Special Correspondents List and has been most friendly and cooperative since his resignation. He was most effective in refuting the charges made recently by Congressman Hale Boggs. Our opponents on the program had raised the point that the Bureau should be investigating narcotics and also echoed the old charge that we were too late getting into organized crime. Congressman Hogan forcefully pointed out our jurisdiction insofar as narcotics was concerned and also stressed that organized crime was not within the Bureau's jurisdiction until specific legislation was passed a few years ago. Congressman Hogan also pointed out that Congress does assert sufficient controls over the Bureau at the present time.

D.C.
[redacted] produced the "FBI side" of this program. Bufiles contain no derogatory information regarding him. [redacted] was most cooperative in every way and indicated that he wanted to do the best possible job in presenting the Bureau's case. He conferred with our representatives and on one occasion came to FBI Headquarters, where he was briefed in detail and furnished reprints and other source material. He was extremely helpful and friendly in every way.

b6

Emmett C. McGaughey - Mr. McGaughey is, of course, the former Bureau Agent who is on the Special Correspondents List and known to the Director on a first-name basis. Originally, he had been selected by the program's producers to be a participant, but at the last moment another individual was selected in his place. Mr. McGaughey was very helpful in keeping us advised as arrangements for the program progressed. Although a previous letter was sent thanking him for his cooperation, it is felt that a brief note to him might be in order now that the program has been aired.

Edward P. Morgan - Mr. Morgan is a former Bureau Agent who EOD 3-4-40, and resigned on 3-15-47, at which time he was an Inspector. Prior memoranda in this matter have noted he became associated with the Office of Price Stabilization in 1951, and developed a hostile attitude toward the Bureau. Later, he reportedly furnished information to Drew Pearson. As a practicing attorney, he has represented organized crime figures and labor leader, James Hoffa. He has been on our "Not to Contact List" since April, 1955.

M. A. Jones to Bishop Memo
RE: "THE ADVOCATES"

Morgan did an outstanding job in defending the Bureau on this program. It will be recalled that after it was taped, one of the producers said Morgan was one of the best witnesses they have ever had. It appeared that Morgan had been selected for the program because in the legal field he was regarded as a liberal lawyer and was very much interested in civil rights. It was felt that a person with this background would be a more effective witness for the Bureau.

In his remarks, Morgan described the Director and the FBI as a legend that is "good for America." He touched on the Bureau's early work in the organized crime field and noted that over the years, the Director had done an outstanding job in protecting the Bureau from political pressure. Morgan said the Director was the greatest civil rights advocate in the country. Morgan was polished and effective in every way, especially in his devastating rebuttal which scored many points for the Bureau.

Morgan was the most impressive - R/Beaver
D.C. Honorable William Rusher - Mr. Rusher is Publisher of "National Review." We have no derogatory information in our files concerning him. He has been friendly toward the Bureau and we have had prior limited, but cordial, correspondence with him.

Mr. Rusher showed that he is a tough-minded able advocate. He appeared as "attorney" for the Director and certainly was far more effective than anyone on the opposition. He did an especially good job in his summation and his penetrative cross-examination. Jack Anderson, who appeared pretty sure of himself on direct examination, began to come apart under Rusher's cross-examination.

Efrem Zimbalist, Jr. - Although Mr. Zimbalist made it clear at the outset that he was a layman and not part of the FBI structure, he came across very well and left no doubt that he supported the Director and the Bureau in every way. On cross-examination, it was clear that he was not familiar with FBI policy, but this was certainly to be expected and Zimbalist came across very well. He narrated film clips on news events in the Bureau's early days and also commented that he had recently seen the Director personally, and he opined that Mr. Hoover was alert and obviously in splendid physical condition.

Former Assistant to the Director Alan Belmont called me around 4:30 p.m. today and stated he had received a long distance telephone call from an individual who described himself as [redacted] (no first name) of the Washington Bureau of the New York Times. [redacted] said he wanted to talk to Belmont informally and off the record. Belmont told [redacted] he would listen to what he had to say but he was not sure whether he would answer all of his questions. [redacted] asked the following questions and Belmont gave the response indicated:

Was Sullivan ever SAC of an FBI field office. Belmont responded that he did not recall that Sullivan was ever SAC of a field office but did recall that he served on SIS in rather important capacities during his Bureau career.

Was Sullivan the most experienced Bureau official in the fields of security and espionage. Belmont responded he did not agree that Sullivan enjoyed such a category, that there were many in the Bureau who had outstanding qualifications in the security and espionage field.

There was a liaison group in the FBI of ten Special Agents or so. The question was whether this liaison group had been cut down substantially in the recent past. Belmont responded he had no knowledge of any such internal reorganization in the FBI.

Manpower allegedly has been taken off security and espionage work and diverted to civil rights investigations - is this correct? Mr. Belmont stated he had no knowledge of any such reassignment of personnel as indicated.

Do you, Belmont, know Al Rosen. Belmont responded that he knew Al Rosen as a personal friend and as a Bureau official of many years standing and that he had a high regard for Al Rosen.

Does Al Rosen have any experience on security matters. Mr. Belmont responded that Al Rosen had a wide experience in Bureau investigative activities, had been Assistant Director of the General Investigative Division for many years and obviously had considerable contact and experience with security work.

Do you, Belmont, know Mark ~~Felt~~. Belmont said he responded by indicating that he knew Mark Felt and he gave a little background of Felt's Bureau experience indicating that at one time he was SAC at Kansas City, was Assistant Director in charge of the Inspection Division and had been recently assigned to some other official position at the Seat of Government; however, that he, Belmont, did not know of any current changes or assignments of personnel in the FBI at the present time. b6

Belmont said the whole tenor of the questions seemed to be is the Bureau paying sufficient attention to security and espionage matters. Belmont said in trying to answer [] questions he made it a point to state that he has been away from the FBI for more than five years, that he has no knowledge of what is transpiring at the present time, that he is not acquainted with some of the current Bureau top personnel but that he does know Sullivan and has a high regard for him and that he also wanted [] to specifically and definitely understand that he has a high regard for Mr. Hoover and the Bureau and for what Mr. Hoover and the Bureau are trying to do in so far as the welfare of this country is concerned.

The foregoing is submitted for your information.

SUBJECT: FORMER ASSISTANT TO THE DIRECTOR ALAN BELMONT
MANUSCRIPT ON BUREAU REMINISCENCES

You will recall that you (Mr. Franck) talked to Director Kelley about Mr. Belmont. Assistant Director Cleveland recently visited Mr. Belmont in California and was shocked by Mr. Belmont's physical condition. During this visit, Belmont furnished Cleveland a manuscript of reminiscences of his Bureau career which he asked to be called to Mr. Kelley's attention. He said he had written the material on his own, though a professor-friend suggested it might be published. Mr. Belmont wanted the Bureau to review it to see if there was anything to which we would object.

REVIEW OF MANUSCRIPT BY MR. BELMONT:

Mr. Belmont's manuscript has been reviewed by you and SA F. C. Stukenbroeker of the External Affairs Division.

The manuscript deals with incidents of a personal nature while Mr. Belmont was with the Bureau. He describes briefly how he came to apply for the position of Special Agent and his training days at Quantico. Following are anecdotes of his early Bureau career as an Agent in the Birmingham Office, involving his handling of the complaint desk there and various criminal cases. Next, are stories of incidents which occurred during his assignment to FBI Headquarters in the late 1930's when he interviewed applicants and shot on the range for tours.

Though Mr. Belmont does not discuss cases as such, he does mention his work in internal security work in the New York Office, including his assignment to the Amtorg case and hunting down the top Communist fugitives in the 1950's.

Mr. Belmont describes several incidents which occurred while he was in charge of the Domestic Intelligence Division, including some problems with the inspection staff. He mentions some of his contacts with Mr. Hoover, for whom he expresses the highest admiration. Though he mentions some of the "gripes" he had during his Bureau career, he expresses a deep loyalty to Mr. Hoover and the Bureau. He decries former employees who have turned on the Bureau.

Mr. Heim to Mr. Franck Memorandum
RE: FORMER ASSISTANT TO THE DIRECTOR ALAN BELMONT,
MANUSCRIPT ON BUREAU REMINISCENCES

Mr. Belmont attributes the Bureau's success to the selection of outstanding personnel, strong central direction, and an excellent training program. Belmont particularly stresses the Bureau's firearms training as beneficial.

One chapter is a lecture, "The Role of the FBI in the Preservation of American Freedom or Democracy," which Belmont gave after he retired. The lecture stresses the effectiveness of the FBI.

The final chapter is devoted to a brief discussion of Watergate and the White House plumbers group as harmful to the FBI's image; Belmont hopes that with Mr. Kelley's appointment as FBI Director the FBI will regain the public's confidence.

OBSERVATIONS:

The manuscript is a warm, human memoir of Mr. Belmont's career in the Bureau. It is very pro-Bureau. The manuscript, based as it is on personal reminiscences, would have an appeal chiefly for FBI employees. It would appear to be the type of book which would have little appeal to outsiders not knowledgeable about the Bureau and Bureau language. Moreover, since Belmont does not mention specific names and details in cases he discusses, reader appeal is considerably decreased. It is felt, from the Bureau's viewpoint, that we should not encourage Mr. Belmont to seek publication, though he certainly may do so on his own volition. The manuscript should be placed in Bureau files (Mr. Belmont does not desire the copy be returned) where it undoubtedly will be of value at a future time. There is nothing objectionable in the manuscript from the Bureau's viewpoint.

It is felt that a warm letter from Mr. Kelley to Mr. Belmont, telling about his pleasure in reading the manuscript, would be highly desirable.

RECOMMENDATION:

That the attached letter be sent to Mr. Belmont.

See no pls.

My wife, Walden, and I visited Al Belmont and his family in Mountain View, California, Sunday afternoon and evening, 1-13-74. I was frankly shocked to see how much Al's health had deteriorated since April, 1973, when I last saw him. The disease that they have diagnosed his having (Shy-Drager Syndrome - named after two doctors who discovered this incurable disease) has attacked his central nervous system and particularly his "motor nerve" functioning. As a result he has difficulty walking, even in his own home where he bumps up against furniture, walls, etc., and has extreme difficulty with steps. It has also affected his speech and he has difficulty in writing.

Up until a month or so ago he would periodically blackout apparently due to sudden drops in his blood pressure. They have stopped the blackouts by fitting him with a pressurized suit which he now must wear at all times. The pressurized suit is worn under his regular clothing and it looks very much like long underwear.

Loretta Belmont advised that she has talked to the three doctors that have been testing Al about sending him to additional specialists, and they have advised her that he is not able to undergo additional tests at this time. They did advise her that the outstanding specialist on this disease in this country is in Albuquerque, but that he has never personally handled a case and his expertise comes from studying the findings of Drs. Shy and Drager. Loretta is, of course, anxious to take Al anywhere or do anything she can to arrest the spread of the disease. Al's spirits seem to be good and his only spoken complaint was that he had received a "lousy prognosis."

Al asked me to bring back and call to your attention some thoughts he says he jotted down during the past several months. It is his thoughts on some of his experiences during his 29 years in the Bureau, and whereas he says that he did not write it with the thought that it would ever be published, he showed it to a professor friend at Stanford who in turn requested that it be sent to his publisher for review. This has been done. He indicated that he may have to add to it since it only runs approximately 200 pages. He will not go into cases, of course, and he believes that should it be published it would not hurt the Bureau, and he feels it might be helpful.

Dear Al,

Bill Cleveland gave me your book of reminiscences which I have just finished reading. They are excellent and I enjoyed every page. In fact, many of your experiences brought back old memories and I relished the opportunity of living again those days of going through training school, being a new Agent, having your "ups" and "downs" as we all did in the Bureau.

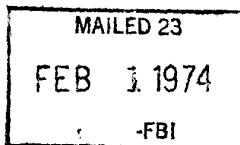

It certainly speaks well of your deep devotion to the FBI that you would take the time to write this account. You have such a broad spectrum of experiences, at all levels in the Bureau, that your comments are extremely revealing of the FBI as a human organization. There is nothing objectionable from the FBI's viewpoint in what you have written.

In connection with the recently concluded inspection of the San Francisco Office, I visited with Mr. Belmont at his home on 10/17/74 and expressed the Director's regards as well as those of other former associates at FBIHQ. Mr. Belmont seemed to be in good spirits and enjoyed learning of recent personnel changes at Headquarters and discussing his own days with the Bureau. He commented most favorably on the telephone call he had from the Director earlier in the year and expressed pleasure that Mr. Kelley was named to head the Bureau. During the conversation both Mr. and Mrs. Belmont inquired as to both the Director and Mrs. Kelley.

Mr. Belmont advised that he is sleeping and eating well but does experience equilibrium problems necessitating that he not stand for long periods of time. I was actually surprised to have him meet me at the door of his residence under his own locomotion, noting that he has to walk most deliberately and in effect shuffle. He advised that he is on cortisone treatment and follows certain calisthenics routine each morning. He volunteered that his speech is somewhat slurred but I had no difficulty in understanding his conversation and this impediment seemed most minor.

Mrs. Belmont commented that her husband does experience blackouts on occasion and this is a continual concern. She stated that a number of retired Agents in the area have been most attentive to her husband as well as the San Francisco Office, for which they are both most appreciative.

In summation, I was pleasantly surprised to find Mr. Belmont able to be up and move about and noted he was as intelligently sharp as he was the last time I saw him.

Dear Clarence:

It was nice of Inspector Conley to take the time during his inspection here on the West Coast to visit with me. I enjoyed talking to him about the Bureau and it's problems past and present.

And I just want to express my appreciation for your handwritten note of October 30th. Of course, times have changed but, I keep thinking, the basic principles and morality of the Bureau are just as true and valuable as they were in my day.

It is very heartening to know that the Bureau is in the hands of a man who has had both F.B.I. and police experience. For I remain convinced that the Bureau performs a real function for the people of this Country, many of whom do not realize what an asset it represents. I wish I were in a position to assist you in some concrete way, but unfortunately must restrict myself to moral support. You may be assured you have that.

Thanks again for writing. Please excuse the typing as my writing is unreadable.

Sincerely,

Alan H. Belmont

 ON INTELLIGENCE ACTIVITIES (SSC);
 INTERVIEW OF FORMER ASSISTANT
 DIRECTOR AL BELMONT

On the morning of 9/2/75, Mr. AL BELMONT, former Assistant to the Director of FBI, called SAC, San Francisco. He said that early last week Mr. MIKE EPSTEIN from the Staff of the Church Committee called him and said he wanted to come to California and talk with Mr. BELMONT on Saturday, 8/30/75. Mr. BELMONT said that EPSTEIN appeared and talked to him for about 30 minutes. His main topic of discussion was the MARTIN LUTHER KING case. EPSTEIN told BELMONT that he was attempting to tie the FBI investigation of the KING case into the "March on Washington." BELMONT told him that the FBI's investigation had nothing to do with the March on Washington. He further told EPSTEIN that the KING case was open because of information of definite efforts by the Communist Party to influence KING.

EPSTEIN referred to some monograph and then to some memorandum with BELMONT's initials on it concerning the KING case and BELMONT told him he had no personal knowledge of that. Mr. BELMONT stated he merely wanted to make this known to the Bureau.

For the Bureau's information, Mr. BELMONT's physical condition has deteriorated in the past few months and it is most difficult to understand his speech as the illness which he has has affected the control of most of his muscles. SEP 5 1975

**RE: INTERVIEW OF FORMER FBI ASSISTANT
TO THE DIRECTOR ALAN H. BELMONT BY
SSC STAFF MEMBER**

In closing, Belmont advised the SAC that he wanted the FBI to know of the contact made of him by Epstein and what had transpired during the interview.

The SAC additionally has advised that Belmont's physical condition has deteriorated in the past few months and it is most difficult to understand his speech as the illness which he has has affected the control of most of his muscles.

The following additional pertinent information relates to the consideration by the SSC of interview of Belmont:

On May 29, 1975, Mr. Lester B. Seidel, SSC Staff Member, advised a representative of the FBI's Legal Counsel Division that in accordance with the guidelines existing between the SSC and the various intelligence agencies under review, he was giving notice that he, as a representative of the SSC, was going to San Francisco, California, in approximately two to three weeks with the intention of interviewing some current and former FBI personnel, including former Assistant to the Director Alan H. Belmont. Seidel asked that the FBI take the necessary steps to release the personnel from any existing employment or secrecy agreements. Seidel indicated he would inquire of each of the prospective interviewees as to their knowledge and participation in counterintelligence activities directed against the Black Panther Party. Seidel was asked as to whether he could define more precisely the areas to be covered in the interviews and Seidel stated he could not inasmuch as he did not know the various aspects of the counterintelligence program against the Black Panther Party in the San Francisco area. Seidel further described the prospective interviews as being of the "abuse" type which, according to the SSC's understanding, precludes the presence of an agency representative during interview.

**U. S. SENATE SELECT COMMITTEE TO STUDY
GOVERNMENTAL OPERATIONS WITH RESPECT TO
INTELLIGENCE ACTIVITIES (SSC)**

**RE: INTERVIEW OF FORMER FBI ASSISTANT
TO THE DIRECTOR ALAN H. BELMONT BY
SSC STAFF MEMBER**

Seidel was advised by the representative of the Legal Counsel Division that former Assistant to the Director Belmont was in poor health and that before attempting interview of Belmont, Seidel ought to ascertain Belmont's current physical condition. Seidel then requested that the FBI representative determine Belmont's physical condition. Inquiry of a current FBI Assistant Director who is personally acquainted with and knowledgeable of Belmont's condition determined on May 30, 1975, that Belmont was very seriously ill and was suffering from the Shy Drager Syndrome. This information was immediately brought to the attention of Mr. John T. Elliff, Director, Domestic Intelligence Task Force of the SSC. Elliff expressed dismay that Seidel had made an inquiry concerning the interview of Belmont and Elliff requested that the FBI not take any action concerning Seidel's request as to Belmont "at this time."

During the period August 4-5, 1975, FBI Special Agent Seymour Fred Phillips was interviewed by two SSC Staff Members, one being the aforementioned Michael Epstein. During the interview, Phillips was asked for and supplied the names of his work associates in the then Domestic Intelligence Division (now Intelligence Division) during the period 1963-65. These included individuals at various levels within the Division as well as FBI officials of a still higher level. One of those named by Phillips was Assistant to the Director Alan H. Belmont. Phillips pointed out in respect to Belmont that it was his, Phillips', understanding that Belmont is in an extremely ill condition and it was suggested that if the SSC had any intention to interview Belmont, it would be wise to first check with his physician.

It should be noted that between the discussion between Mr. Elliff of the SSC and a representative of the FBI's Legal Counsel Division and the actual interview of Belmont on August 30, 1975, no contact was had by the SSC with the FBI concerning the former's intention to interview Belmont.

NOTE:

Information concerning the interview of Belmont taken from San Francisco airtel 9/3/75, "U. S. Senate Select Committee on Intelligence Activities (SSC) Interview of Former Assistant Director Al Belmont." Pursuant to instruction of Mr. J. B. Adams, Elliff was advised by Supervisor P. V. Daly of the Legal Counsel Division that the interview of Belmont was contrary to agreement between the Bureau and the SSC. The information concerning contacts with Seidel and Elliff when the interview of Belmont was first broached is included in memorandum from Legal Counsel to Mr. J. B. Adams, 6/2/75, "Senstudy 75." All contacts with Seidel and Elliff were by Supervisor Daly of the Legal Counsel Division.

It is believed that the Department and the White House should be apprised of the full facts as known to us concerning the interview of Belmont.

Dear Al:

I was talking with a mutual friend recently and he mentioned you fondly, as do so many of your former associates. I want you to know I am proud to be in this group. You may be somewhat alarmed about the dilemma now confronting the Bureau. I feel confident we will weather the storm and even may emerge stronger than before. The I believe because the mystique is gone and solid performance recognition has replaced it. Also there is some fear we might be irrevocably harmed and it is felt strong support is needed to counteract unjustified criticism. The Bureau and its people are the same, as in years gone by as to their dedication and ability. We will therefore prevail.

I do hope your health improves and look forward to hearing from you as to what you are doing. Treasure your friendship and pray for your well being.

Keep fighting
